Características técnicas y constructivas sujetas a variación sin previo aviso.

- Exterior en acero inox AISI-304, excepto el respaldo y fondo
- Interior en acero inox AISI-304, con aristas curvas y fondo embutido
- Cajoneras refrigeradas inox desmontables sobre guías inox telescópicas, sistema auto-cierre de serie
- Encimera de acero inox AISI-304 con frente curvo (opcional con peto sanitario 100 mm)
- Posibilidad de fabricar encimera especial a medida
- Pies en tubo de acero inox ajustables en altura 95- 135 mm
- Unidad condensadora ventilada y extraíble
- Evaporador sistema tiro forzado, con recubrimiento epoxi anticorrosión
- Evaporación automática del agua de descarche
- Aislamiento de poliuretano inyectado, densidad 40 Kg/m³, cero GWP y cero efecto ODP
- Control digital de temperatura, descarches optimizados, alarma por alta temperatura de condensación. Eficiente gestión del consumo de energía
- Temperatura de trabajo a 40°C ambiente

We reserve the right to change specifications without prior notice.

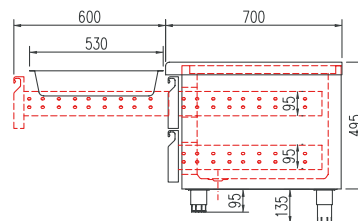

- AISI-304 stainless steel exterior, except rear side and base
- AISI-304 stainless steel interior, stamped bottom and rounded corners
- Stainless steel drawers with telescopic stainless steel slides for complete opening, self-closing system as standard
- AISI-304 stainless steel worktop, with rounded front (optional with 100 mm sanitary upstand)
- Worktop can be customized on demand
- AISI -304 adjustable legs, 95 to 135 mm
- Removable and fan assisted condenser unit
- Fan assisted evaporator, with epoxi anticorrosion coating.
- Automatic evaporation of defrost water
- 40 Kg/m³ density polyurethane insulation, zero GWP and zero ODP effect
- Digital temperature control, optimized defrost, high-temperature condensation alarm. Efficient management of energy consumption
- Operating temperature 40°C ambient

Características técnicas y constructivas sujetas a variación sin previo aviso.

- Exterior en acero, incluido el respaldo
- Interior en acero, con aristas curvas y fondo embutido
- Puertas de apertura reversible, con sistema de cierre automático y burlete magnético (permanece abierta al superar los 90° de apertura)
- Encimera inox con capacidad cubetas GN (ver detalle)
 - Tabla de corte en polietileno
 - Perfiles divisorios fijos (desmontable para limpieza) para apoyo de las cubetas
 - Robusta estructura elevable, con doble cristal para mantener la temperatura del área de cubetas
 - Máxima visibilidad del producto, LED 6500 K
 - Opción LED 3000 K (luz cálida) o Rosa al mismo precio
 - Sellado del perímetro de la cubierta por burletes
- Sistema de pistones y amortiguadores para compensar el peso
- Estantes interiores de alambre en acero plastificado, regulables en altura
- Ruedas de serie (2 con freno + 2 sin freno)
- Unidad condensadora ventilada
- Evaporador sistema tiro forzado, con recubrimiento epoxi anticorrosión
- Evaporación automática del agua de descarche
- Aislamiento de poliuretano inyectado, densidad 40 Kg/m³, cero efectos ODP y GWP
- Control digital de temperatura, descarches optimizados, alarma por alta temperatura de condensación. Eficiente gestión del consumo de energía
- Temperatura de trabajo a 32°C ambiente

We reserve the right to change specifications without prior notice.

- Stainless steel exterior, rear side included
- Stainless steel interior, stamped bottom and rounded corners
- Doors with self closing system, blocked opening, magnetic gasket and possibility of changing the opening sense
- AISI-304 worktop, capacity for GN containers (see detail)
 - Polyethylene cutting table
 - Fixed pan dividers (detachable for cleaning)
 - Heavy-duty double liftable glass lid to keep temperature in the GN pans
 - Maximum product visibility by 6500 K LED
 - Optional 300 K LED (soft light) or Pink, same price
 - Perimetral gasket around the lid structure
- Piston system to help the opening /closing of the structure
- Shelves made of plasticized steel wire, height adjustable
- Castors as standard (2 with brakes + 2 without)
- Removable and fan assisted condenser unit
- Fan assisted evaporator, with epoxi anticorrosion coating.
- Automatic evaporation of defrost water
- 40 Kg/m³ density polyurethane insulation, zero ODP and GWP
- Digital temperature control, optimized defrost, high-temperature condensation alarm. Efficient management of energy consumption
- Operating temperature 32°C ambient

Puertas con doble bisagra y burlete desmontable
 Double hinged doors and detachable gasket
