# CORECO

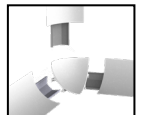

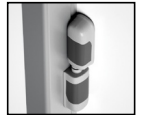

CORECO amplia la gama de recintos frigoríficos, presentando el sistema de unión de paneles por sin columnas, como alternativa a nuestro tradicional concepto de montaje con columnas

Esta nueva solución estructural, pone en el mercado una alternativa tan eficiente como la tradicional, mantiene la modularidad que permite cubrir las necesidades de espacio que cada instalación requiere

*CORECO expanded the range of products, providing an alternative to our traditional system for mounting panels with columns.*

*This new structural conception, puts on the market an alternative as efficient as the traditional one, keeping the modularity that let you find the proper solution to your needs*

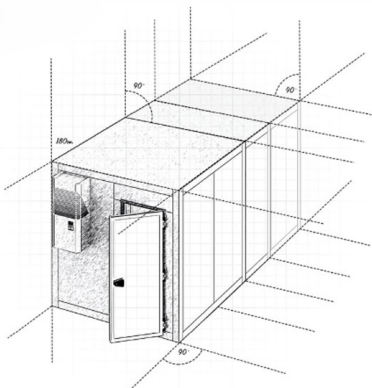

RFM-S

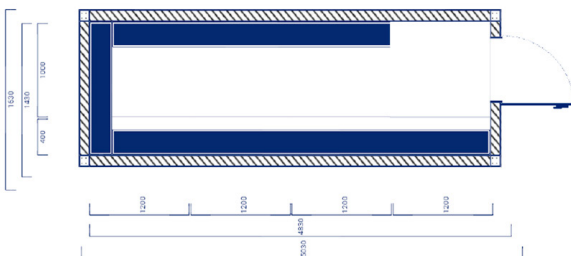

CORECO

Configurador de Recintos Frigoríficos

Esta aplicación web le permitirá configurar una cámara frigorífica en muy poco tiempo siguiendo unos sencillos pasos. Una vez finalizado el proceso, deberá rellenar un formulario indicando algunos datos básicos de contacto con el fin de que podamos proporcionarle un presupuesto acorde a sus necesidades.

CONFIGURAR

Seguimos evolucionando la herramienta de configuración que, desde PC o dispositivo móvil, le permite componer su cámara y recibir por correo electrónico un completo informe con la información más relevante:

- Dimensiones y volumen
- Tipo y acabados del suelo
- Composición de paneles
- Posición y apertura de la puerta
- Configuración de estanterías
- Equipo frigorífico recomendado

[coldrooms.coreco.es](http://coldrooms.coreco.es)

*We continue updating the configuration tool that, from PC or mobile device, allows you to compose your camera and receive by email a complete report with the most relevant information:*

- Dimensions and volume
- Type and floor finishes
- Composition of panels
- Position and opening of the door
- Shelving configuration
- Recommended refrigeration equipment

## HISTORIA - HISTORY

CORECO es una empresa creada en 1986. Todos estos años han significado una continua evolución tecnológica y un gran crecimiento empresarial en pro de ofrecer a nuestros clientes el mejor de los productos.

En el continuo servicio y atención a nuestros clientes, seguimos desarrollando nuevos modelos recogidos en nuestro índice de novedades, que completan una oferta de productos de gran eficiencia energética respetuosos con la conservación del medio ambiente

*The CORECO company was established in 1986. Our many years of experience have seen constant technological development and continued business growth offering our customers the best products on the market.*

*Years of continuous service and attention to our customers mean we have continued to develop new models, as shown in our table of contents, which complement our wide range of products that are highly energy efficient and environmentally friendly.*

## INSTALACIONES - FACILITIES

CORECO, es una empresa española con presencia comercial en los cinco continentes.

El presente catálogo comprende cuatro apartados, donde se presentan productos enfocados a la industria de la hostelería y alimentación.

Nuestras instalaciones se han reunificado en dos centros productivos, uno de ellos en plena ampliación cubre un total de 23.000 m<sup>2</sup>, más otros 8.000 m<sup>2</sup> de zonas para uso social y logístico.

Nuestro segundo centro (Centro 2) cubre un total de 7.500 m<sup>2</sup> de los cuales 1.500 están destinados a zona logística.

La estructura comercial de la que disponemos está formada por 16 delegaciones que cubren todo el territorio nacional, otras 3 en Europa y estamos presentes en mas de 70 países.

Este esfuerzo inversor y tecnológico es el que ponemos a su servicio, representado por el presente catálogo, que esperamos sea una herramienta útil para su negocio.

*CORECO is a Spanish company commercially present in 5 continents.*

*This catalogue includes four sections containing products focused on the hospitality and food industry, which fulfil all installation needs, with maximum accuracy and productivity, according to the use they have been designed for.*

*We have consolidated our installations in two production centres, one still expanding, with 23,000m<sup>2</sup>, and another with 8,000m<sup>2</sup> for logistics and social use.*

*Our commercial structure consists of 16 delegations, that cover the entire national territory, another 3 in Europe and we are present in over 70 countries.*

*The investment and technological effort that we put into our service, is shown by in our catalogue that we hope will be a useful tool for your business.*

## FERIAS INTERNACIONALES - INTERNATIONAL EXHIBITIONS

En CORECO creemos además en la necesidad de participar año tras año en las manifestaciones comerciales mas importantes, tanto nacionales como internacionales con el objeto de mantener el continuo contacto con nuestros colaboradores, así como de mostrar las novedades más recientes incorporadas a nuestro extenso catálogo.

*At CORECO we also believe in the need to take part in the most relevant national and international trade events held each year in order to keep permanently in touch with our collaborators, as well as to show the most recent innovations included in our extensive catalogue.*

## CERTIFICACIÓN como herramienta competitiva CERTIFICATION as a competitive value

Tenemos muy presente que gran parte de nuestro desarrollo es debido al alto nivel tecnológico de nuestros productos. Para ello y cumpliendo con la más estricta normativa internacional, tenemos implantados altos estándares de calidad, utilizando para ello los más sofisticados medios de control a nuestra disposición. Cada proceso de fabricación es supervisado de forma minuciosa para optimizar tanto el rendimiento como el consumo de energía.

En consecuencia, CORECO ha obtenido homologación y certificaciones nacionales e internacionales en normas de higiene, seguridad eléctrica, compatibilidad electromagnética y medioambiental, lo que nos permite exportar a cualquier país del mundo.

Nuestros fabricados cumplen con la actual normativa de la U.E. incorporando la marca de homologación europea.

*Our products comply with current E.U. regulations, and incorporate European homologation marking.*

La calidad y seguridad de nuestros productos y empresa, está asegurada mediante el cumplimiento de las normas certificadas y auditadas por Bureau Veritas:

ISO-9001 : 2015  
ISO 14001 : 2015  
ISO 45001 : 2018

y las directivas correspondientes al marcado CE en cuanto a seguridad eléctrica y compatibilidad electromagnética, y sus correspondientes a países como Arabia Saudí, Qatar, Kuwait y Rusia. Los productos fabricados por CORECO, han obtenido homologación en normas de higiene y seguridad eléctrica tan restrictivas y exigentes como son las americanas, estando homologados por ETL. Esto nos permite exportarlos a países de centro y Norte América.

*The quality and safety of our products and company is guaranteed by complying with standards certified and audited by Bureau Veritas:*

ISO-9001 : 2015  
ISO 14001 : 2015  
OHSAS 18001 : 2007

*and with the relevant directives concerning EU marking in terms of electrical safety and electromagnetic compatibility, and their corresponding equivalents for countries such as Saudi Arabia, Qatar, Kuwait, and Russia. The products manufactured by CORECO have been certified in hygiene and electrical safety standards as restrictive and demanding as American regulations, being ETL Listed. This allows us to export them to countries in Central and North America.*

## LABORATORIOS CERTIFICADOS - CERTIFIED LABORATORIES

El proceso de innovación no sería posible sin los laboratorios más avanzados de Europa, así como la dedicación de un experimentado equipo de investigadores.

Confiamos en que la innovación, el servicio continuo y el apoyo al cliente deben seguir siendo el sello distintivo de CORECO para afrontar los retos del futuro.

*Innovation process would not be possible without the most state-of-the-art laboratories in Europe, as well as the dedication of an experienced team of researchers.*

*We are confident that innovation, continuous service and client support must remain as CORECO's hallmark to face the challenges of the future.*

## REACCIÓN AL FUEGO - FIRE REACTION

Certificación como herramienta competitiva, no es sólo una frase.

En CORECO, incrementamos la oferta estándar de recintos frigoríficos, con la posibilidad de fabricarlos, bajo pedido, con grado de reacción al fuego **B-s3d0**, para dar servicio a los requisitos y clientes más exigentes.

Los recintos adaptados a **B-s3d0**, tendrán precios y plazos de entrega particulares.

*Certification as a competitive value, is not just a phrase.*

*At CORECO, we increase the standard offer of cold rooms, with the possibility to produce them, on demand, with fire reaction **B-s3 d0** degree, to set the requirements of most exigent markets.*

*Cold rooms adapted to **B-s3d0**, will have particular prices and delivery time.*

## VERSATILIDAD - VERSATILITY

La versatilidad, siempre ha sido un valor añadido a la marca CORECO.

Aplicamos este valor a todos nuestros productos, y los recinto frigoríficos no son una excepción.

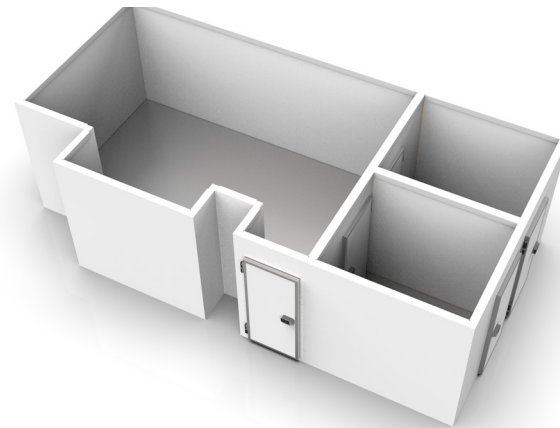

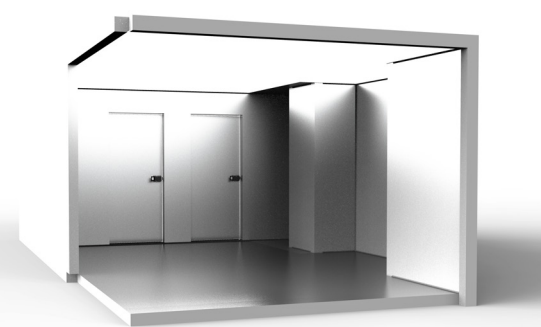

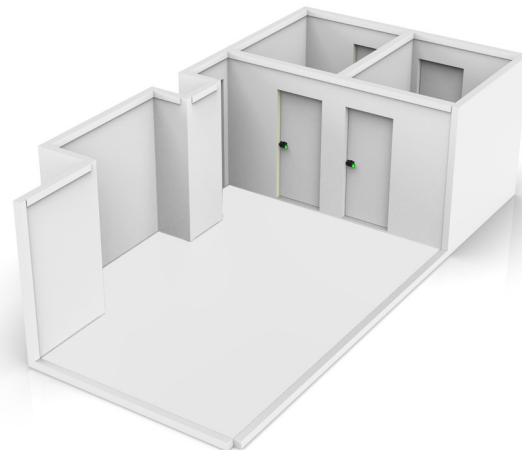

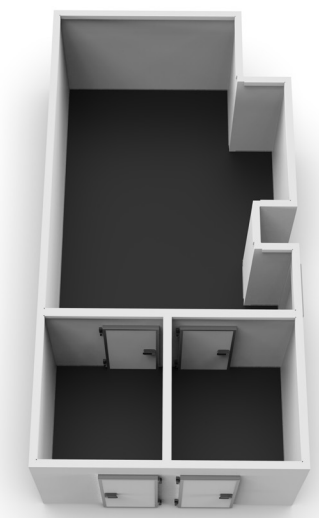

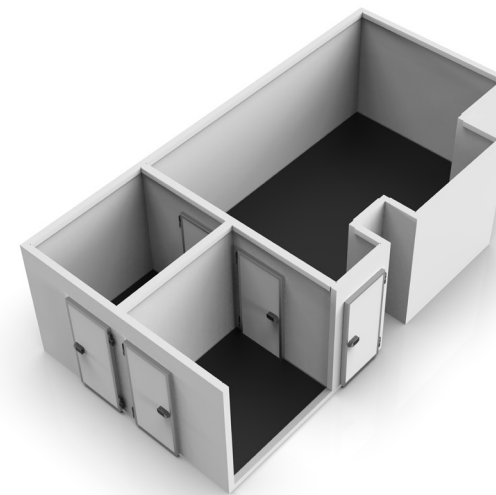

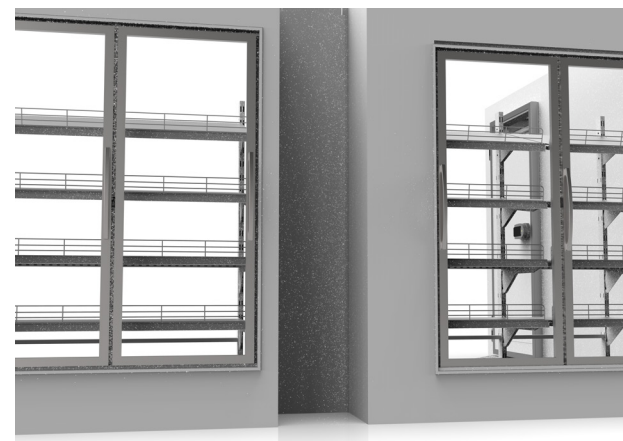

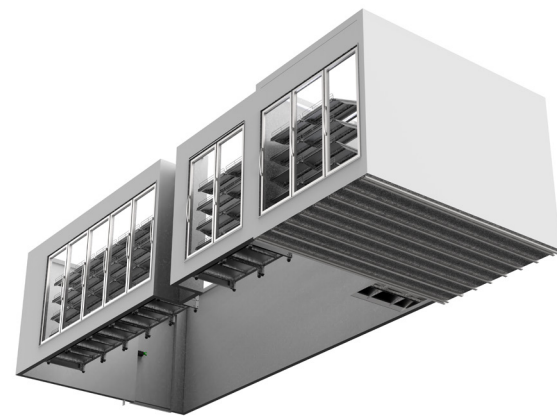

Cuando los modelos estándar no llegan a cubrir la necesidad de la instalación, aplicamos nuestra experiencia para dar respuesta a la exigencia que el proyecto pueda plantearnos, siempre dentro de los estándares de calidad que empleamos en la producción de paneles.

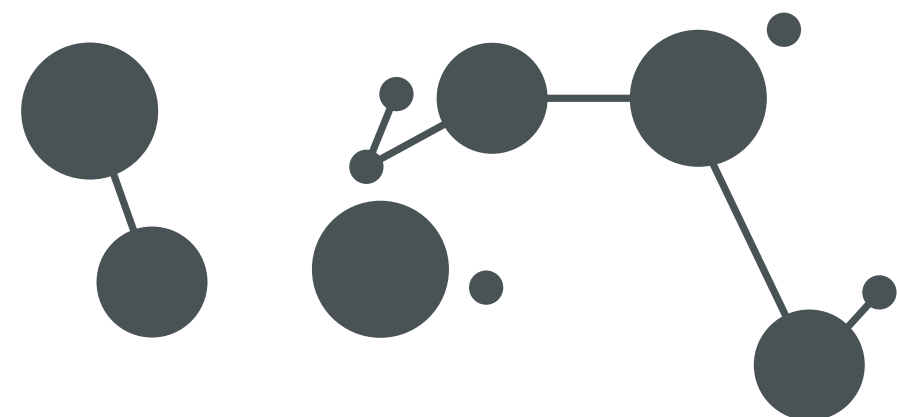

*Versatility has always been an added value to the CORECO brand.*

*We apply this value to all our products, and cold rooms are no exception.*

*When the standard models do not cover the installation needs, we apply our experience to respond to the requirements that the project may pose, always within the quality standards that we use in the production of panels.*

## CONDICIONES DE VENTA - GENERAL SALES TERMS

### • PEDIDOS

Los pedidos deberán cursarse por escrito (carta, fax o e-mail). Deberán reflejar las referencias de cada producto, indicadas en la tarifa vigente. Queda reservado a admitir pedidos de aquellos clientes que hayan incumplido anteriores contratos. Las condiciones particulares que se citen en el pedido del cliente quedarán anuladas si no se ajustan a las presentes condiciones generales de venta o que se acepten expresamente.

### • PRECIOS

Los precios de la presente lista son de venta al público (recomendados) y figuran en Euros. Estos precios, en ningún caso, incluyen la instalación ni la puesta en marcha del material. Todos los precios se entienden sin accesorios.

### • TRANSPORTE Y PORTES

El embalaje será el estándar. Cualquier embalaje o sistema de envío especial que sea requerido expresamente por el cliente, será a cargo de este último. Las mercancías viajan siempre por cuenta y riesgo del comprador. Recomendamos encarecidamente realice el control del estado de la mercancía en el tiempo establecido ya que, de lo contrario, Coreco S.A. declina toda responsabilidad al comprador. La reclamación por golpes o deterioro de la mercancía originados en el transporte no será aceptada, en ningún caso, si no va acompañada del comprobante de reclamación efectuada por el comprador a la agencia de transporte, dentro del plazo máximo legal de 24 horas después de la recepción de la mercancía.

### • DEVOLUCIONES DE MATERIAL

No se aceptará ninguna devolución del material sin el consentimiento expreso y por escrito de Coreco S.A. En el caso de la aceptación de una devolución de material, todos los gastos generados, incluidos los portes correrán a cargo del cliente. Los materiales se abonarán de acuerdo con las condiciones del estado de la mercancía, reservándose Coreco S.A. el derecho a estipular el precio final del abono.

### • GARANTÍA

Coreco S.A. se responsabilizará únicamente de los defectos de fabricación, quedando excluidos la manipulación o utilización incorrecta del material por parte del cliente o usuario. La garantía será la establecida según la ley vigente. Todo material remitido en garantía se facturará y se procederá a su correspondiente abono, una vez remitidas las piezas defectuosas y comprobadas por parte de Coreco S.A.

### • CONDICIONES DE PAGO

Hasta la concesión de crédito a un cliente, todas las operaciones serán abonadas mediante pago anticipado. De no efectuarse el pago de las facturas en los vencimientos acordados, el cliente se hará cargo de los gastos de devolución y/o gastos de demora.

### • ENVÍO DE REPUESTOS

Todos los repuestos se enviarán a portes debidos.

### • RESERVA DE DOMINIO

La mercancía es propiedad y dominio de Coreco S.A. hasta el total pago de la misma por parte del cliente.

### • LITIGIO

En este caso serán competentes los Tribunales de Lucena (Córdoba).

### • INFORMACIÓN

Coreco S.A. se reserva el derecho a introducir, sin previo aviso, las modificaciones que crea necesarias, sin que ello perjudique a las características principales de los productos.

### • ORDERS

Orders must be submitted in writing (letter, fax or e-mail). They should reflect the references of each product, indicated in the current rate.

It is reserved to accept orders from those customers who have breached previous contracts.

The particular conditions cited in the customer's order will be cancelled if they do not comply with these general conditions of sale or that are expressly accepted.

### • PRICES

The prices in this list are for sale to the public (recommended) and appear in Euros. These prices, in no case, include the installation or commissioning of the material. All prices are understood without accessories.

### • TRANSPORTATION AND PORTES

The packaging will be the standard. Any packaging or special shipping system that is expressly required by the customer will be in charge of the latter.

The goods always travel at the buyer's risk. We strongly recommend that you check the condition of the merchandise in the established time, otherwise Coreco S.A. declines all responsibility to the buyer. The claim for blows or deterioration of the goods originated in the transport will not be accepted, in any case, if it is not accompanied by the proof of the claim made by the buyer to the transport agency, within the maximum legal term of 24 hours after the receipt of the merchandise.

### • MATERIAL RETURNS

No return of the material will be accepted without the express written consent of Coreco S.A.

In the case of the acceptance of a return of material, all expenses generated, including postage will be borne by the customer. The materials will be paid in accordance with the conditions of the state of the merchandise, reserving Coreco S.A. the right to stipulate the final price of the subscription.

### • WARRANTY

Coreco S.A. will be held responsible only for manufacturing defects, excluding the manipulation or incorrect use of the material by the customer or user. The guarantee will be established according to the current law. All material remitted as guarantee will be billed and its corresponding payment will be made, once the defective and proven parts have been sent by Coreco S.A.

### • PAYMENT CONDITIONS

Until the granting of credit to a customer, all transactions will be paid by advance payment. If the invoices are not paid within the agreed deadlines, the customer will be responsible for the return and/or delay costs.

### • SHIPPING OF SPARE PARTS

All spare parts will be sent postage due.

### • RESERVATION OF DOMAIN

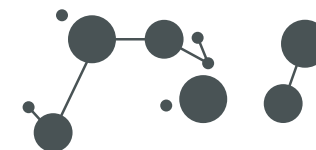

The merchandise is owned and controlled by Coreco S.A. until the total payment of the same by the client.

### • LITIGATION

In this case, the Courts of Lucena (Córdoba) will be competent.

### • INFORMATION

Coreco S.A. reserves the right to introduce, without prior notice, the modifications it deems necessary, without prejudice to the main characteristics of the products.

RECINTOS FRIGORÍFICOS MODULARES  
*MODULAR COLD ROOMS*

CORECO

CORECO le presenta ofrecela gama de Recintos Frigoríficos Modulares, **RFM**

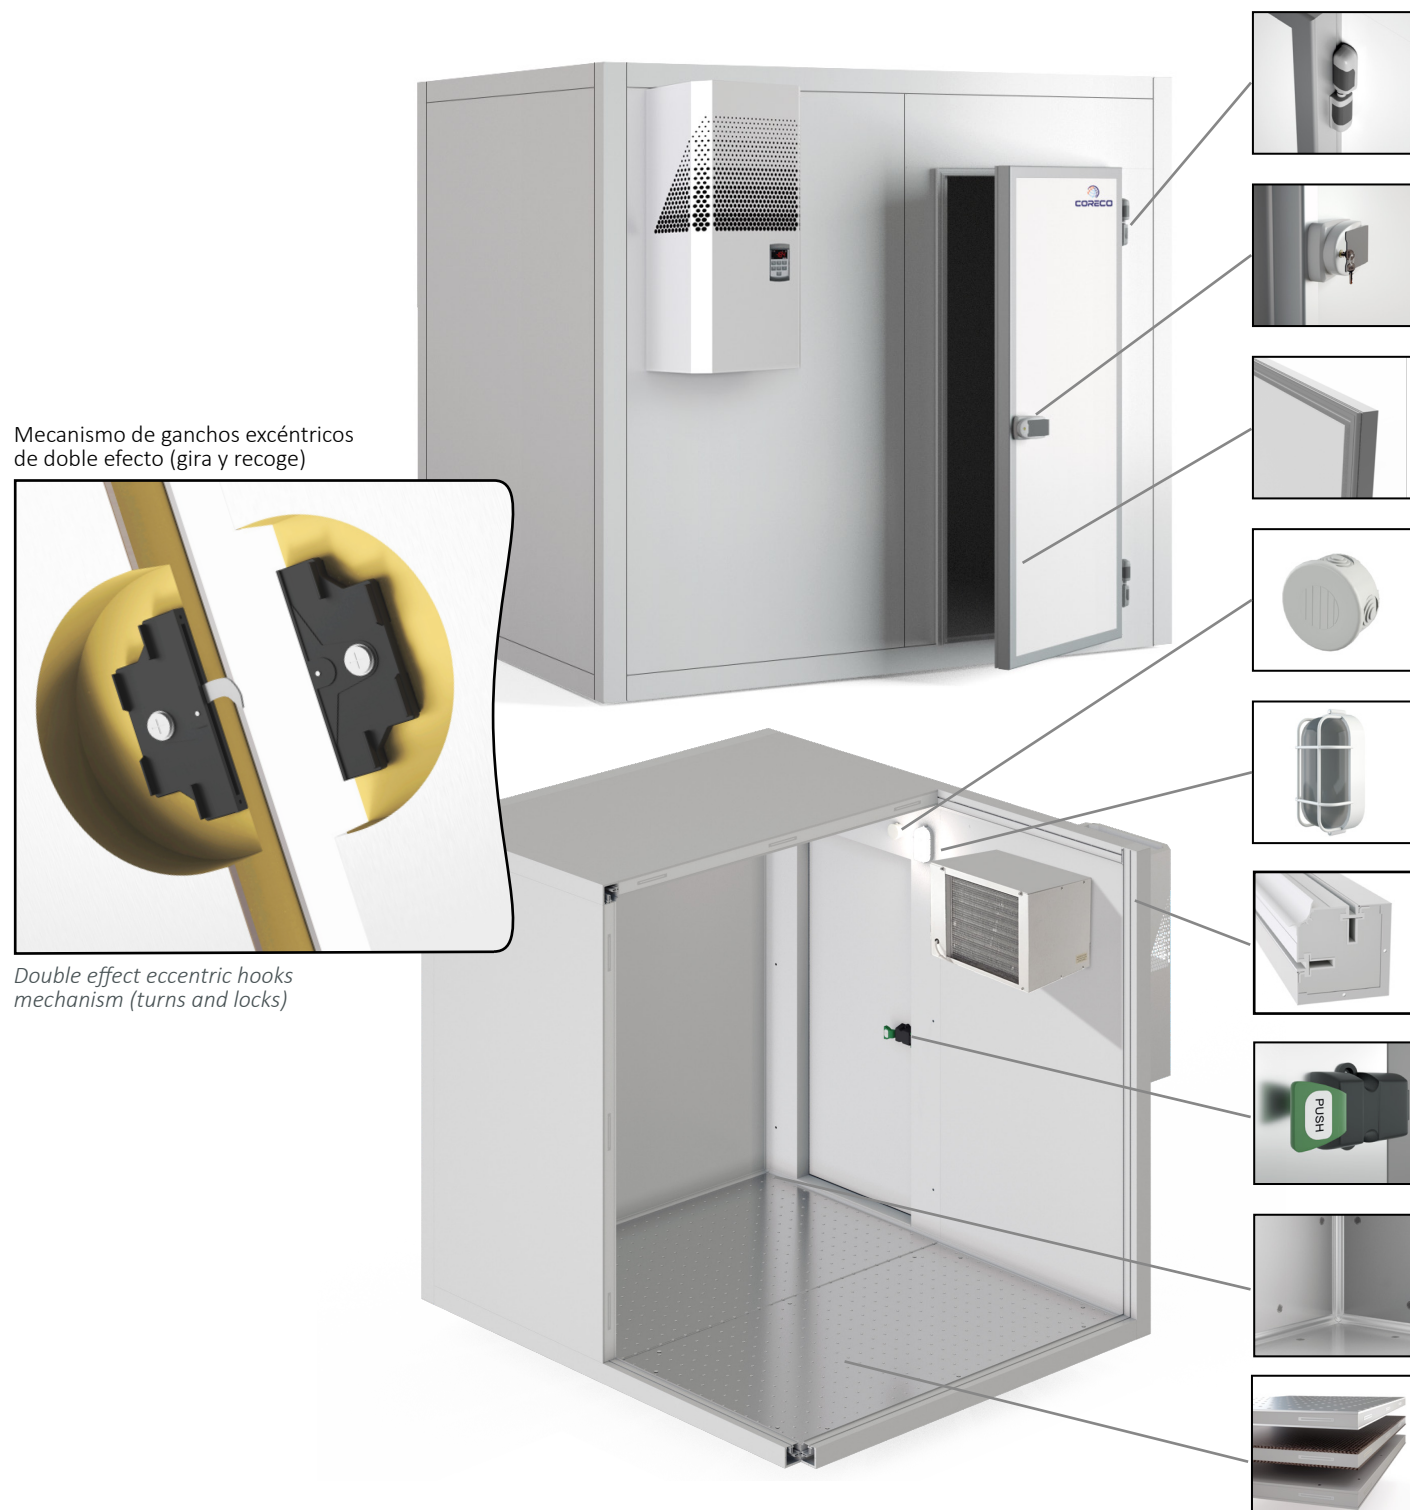

En nuestras instalaciones CORECO Centro 2, hemos desarrollado recintos frigoríficos modulare desde la concepción del producto, pasando por el diseño, fabricación, embalaje y comercialización... hemos dedicado la máxima atención y esfuerzo, sobre todo a los pequeños detalles.

En nuestra fabricación empleamos maquinaria sofisticada controladas por computadora y personal bien cualificado. El resultado es un recinto frigorífico con personalidad propia y adaptado al mercado actual.

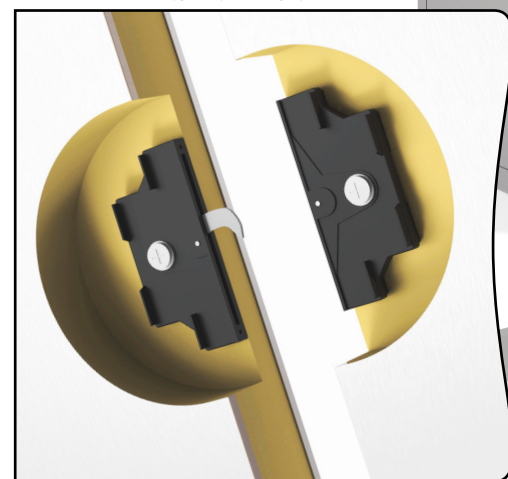

CORECO presents the Modular Cold Rooms range RFM

We have developed modular cold rooms in our CORECO Centro 2 facilities, from product conception, through design, manufacturing, packaging and marketing ... we have devoted the utmost attention and effort, especially to small details.

We employ sophisticated computer controlled machinery and well-trained personnel in our manufacturing. The result is a cold room with own personality, dapted and ready to be competitive in the current market.

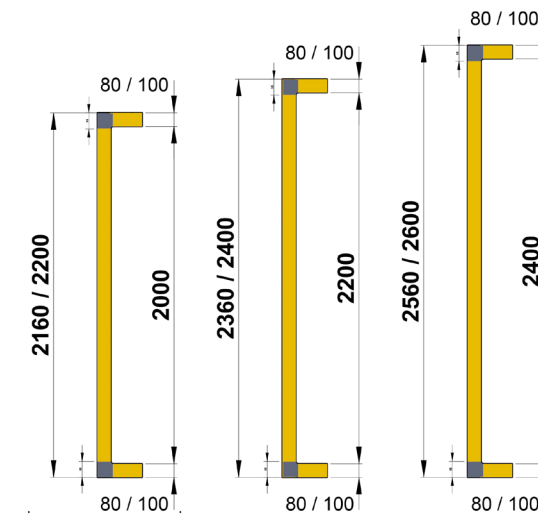

Mecanismo de ganchos excéntricos de doble efecto (gira y recoge)

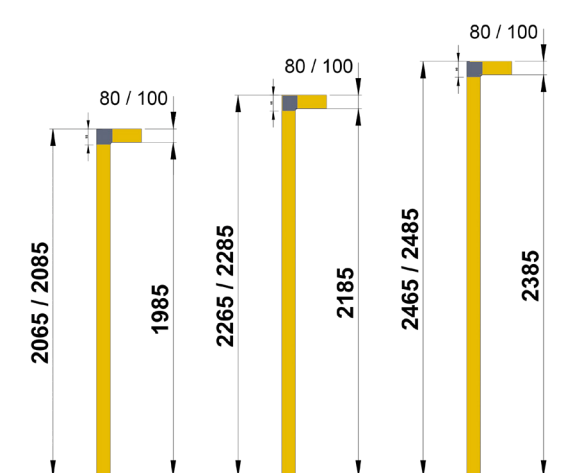

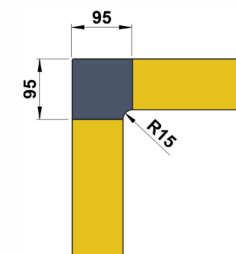

Double effect eccentric hooks mechanism (turns and locks)

## SECCIÓN Y ALTURAS. / HEIGHTS AND SECTIONS.

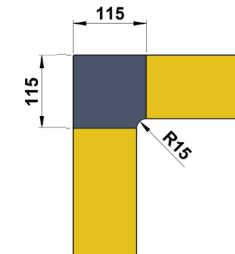

CON suelo panel  
WITH floor panel

Dimensiones de la columna para espesor 80 mm.  
Column size for 80mm thickness.

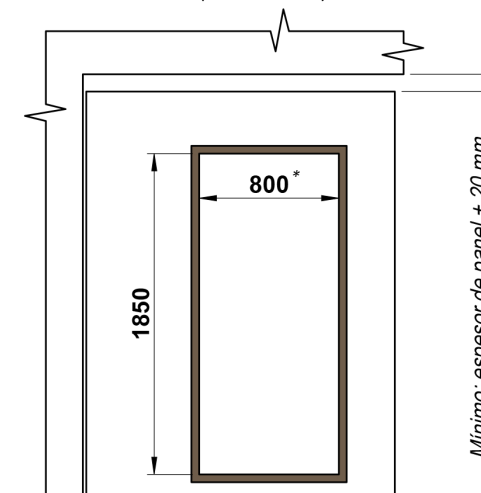

SIN suelo panel  
WITHOUT floor panel

Dimensiones de la columna para espesor 100 mm.  
Column size for 100mm thickness.

## ESPACIOS NECESARIOS PARA UNA CORRECTA INSTALACIÓN.

Recomendamos una adecuada nivelación del suelo donde vaya a ser instalado el recinto frigorífico. Prever que el lugar de ubicación permite el acceso del panel de mayor dimensión.

\*Bajo pedido, 600, 700, 900 y 1000  
\*On demand 600, 700, 900 and 1000

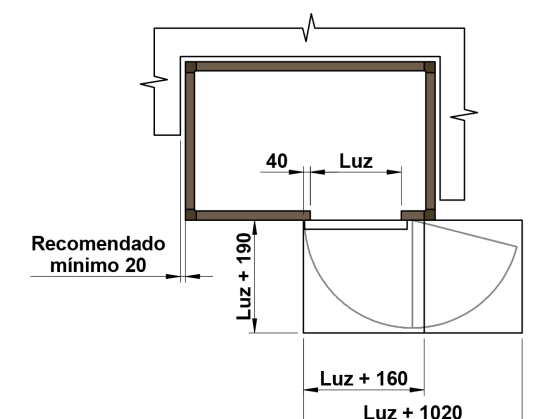

Para poder realizar un montaje correcto es necesario dejar entre el techo del local y el techo del recinto al menos el espesor del panel + 20 mm.

For correct assembly, leave at least the thickness of a panel + 20mm between the roof of the premises and the roof of the room.

Características técnicas y constructivas sujetas a variación sin previo aviso.

## SPACE NEEDED FOR CORRECT INSTALLATION.

We recommend an adequate leveling of the floor where the cold room will be installed.. Ensure that the location allows access with the largest panel.

Dimensiones necesarias para una apertura de la puerta a 90° y 180°

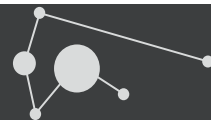

Measurements needed to open the door at 90° and 180°

We reserve the right to change specifications without prior notice.

Características técnicas y constructivas sujetas a variación sin previo aviso.

We reserve the right to change specifications without prior notice.

**Paneles:**

- Espesor de 80 y 100 mm.
- Modularidad 400, 800, 1000 y 1200 mm facilita la adaptabilidad a las dimensiones de su recinto.
- Longitud máxima del panel 3000 mm.

**Panels:**

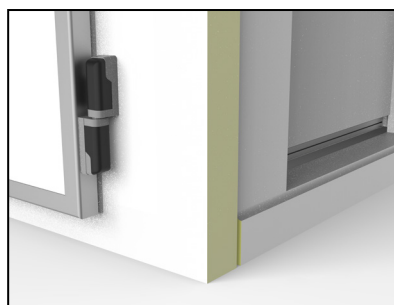

- 80 and 100mm thickness.
- 400, 800, 1000 and 1200mm modules to suit the size of your room.
- Maximum panel length 3000mm.

**Revestimiento:**

- Revestimiento estándar en acero galvanizado prelacado poliéster, con film de protección.
- Color blanco pirineo.
- Calidad alimentaria.

**Cladding:**

- Galvanized steel cladding pre-lacquered with polyester, with a protective film, as standard.
- Colour white, "blanco pirineo".
- Food grade.

**Aislamiento:**

- Espuma rígida de poliuretano, libre de CFC e inyectado a alta presión
- Densidad 45 Kg. / m<sup>2</sup>
- Coeficiente de conductividad térmica 0.022W/mK a 10°C. (Sin envejecimiento)

**Insulation:**

- Rigid polyurethane foam, CFC-free, injected at high pressure.
- Density 45kg/m<sup>2</sup>.
- Thermal conductivity coefficient 0.022W/mK at 10°C. (Without ageing).

**Terminación del Panel de Suelo:**

- Suelo reforzado: Idóneo para el tránsito de personas y carretillas manuales. Acabado interior de contrachapado de abedul y resina fenólica antideslizante.
- Suelo de acero inoxidable antideslizante aisi 304 18/8.
- Suelo de chapa lacada blanca igual que el resto de paneles.

**Floor Panel Finish:**

- Reinforced flooring: Ideal for the transit of people and manual trucks. Birch plywood interior finish with non-slip phenolic resin.
- Non-slip stainless steel flooring AISI 304 18/8.
- Metal flooring lacquered white the same as the rest of the panels.

**Columnas verticales y horizontales:**

- Columnas perimetrales con innovador perfil sanitario de labio flexible
- Unión perfecta de gran calidad.
- Revestimiento exterior en el mismo material usado en los paneles
- Línea estética regular en toda la cámara.
- Conjunto inyectado con poliuretano

**Vertical and horizontal columns:**

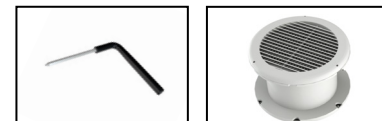

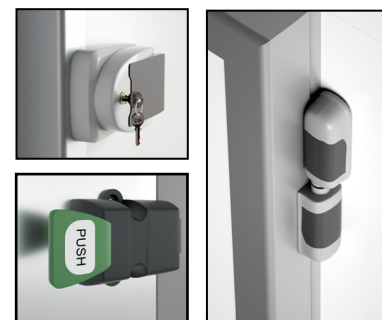

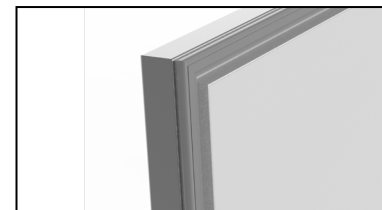

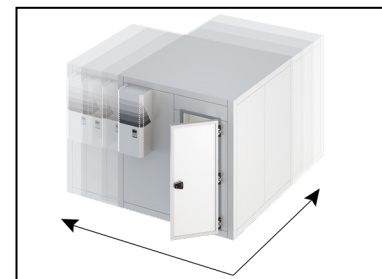

- Perimeter columns with innovative sanitary flexible lip seal.
- High quality perfect joints.
- Exterior cladding in the same material as the panels.
- Regular aesthetic line throughout the room.
- Everything is injected with polyurethane.

**Sistema de Unión:**

- Mecanismo de ganchos excéntricos de alta resistencia y doble efecto (gira y recoge), colocados en carcasas de ABS. El conjunto está pensado para trabajar de dos maneras: engancha y puede ser enganchado.

**Connecting System:**

- High resistance and double effect eccentric hooks mechanism (turns and locks), installed in ABS housings. The combination is designed to work in two ways: it engages and can be hooked.

**Modularidad:**

- Dos espesores: 80 y 100 mm.
- Modulación 200 mm.
- Tres alturas exteriores diferentes

**Modularity:**

- Two thicknesses: 80 and 100mm.
- Modulation 200mm.
- Three different external heights.

**Puerta:**

- Espesor 80 mm
- Marco perimetral exterior de aluminio anodizado anticorrosión.
- Burlete de estanqueidad.
- Hueco de luz 1850 x 800 mm.
- Sólo en panel 100 mm: resistencia eléctrica antiescarcha colocada en el marco del panel de puerta.
- Tanto el panel puerta como la puerta están inyectados en su interior con el mismo aislamiento del resto de paneles.
- Bisagras con regulación y pasador inoxidable.
- Cierre con llave y con un punto de presión.

**Door:**

- 80 mm thickness
- Exterior perimeter frame made of anodized anti-corrosion aluminium.
- Sealing gasket.
- A light shaft of 1850mm and 800mm.
- Only for 100 mm panel: frost prevention electric resistance placed on door panel frame.
- Both the door panel and the door are injected with the same insulation as the rest of the panels.
- Adjustable hinges with stainless steel pin.
- Locks with key and pressure point.

**Accesorios incluidos:**

- Válvula compensadora de presiones para todas las cámaras de espesor 100
- Caja de conexiones y resistencia marco sólo en puerta para panel 100
- Perfil sanitario con labio flexible, incorporado en todos los perfiles COLUMNA
- Perfil "U" de montaje para cámaras sin panel de suelo
- Luz interior
- Llave hexagonal con mango para montaje de las fijaciones de paneles

**Parts included:**

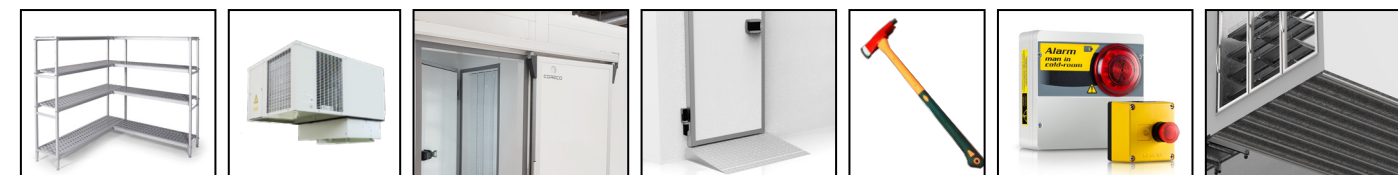

- Pressure compensation valve for all chambers of thickness 100
- Junction box and resistance frame only in door for panel 100
- Incorporated sanitary profile with flexible lip, in all COLUMNS
- Mounting "U" profile for cameras without floor panel
- Interior light
- Hexagonal wrench with handle for mounting panel fixings

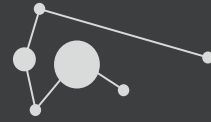

**OPCIONES bajo pedido**

- Otras calidades y colores para el revestimiento del panel tanto para el exterior como en el interior
- Suelo con acabado interior en acero inoxidable antideslizante
- Suelo con acabado blanco pirineo, igual al resto de paneles
- Equipo frigorífico
- Estanterías de aluminio y polietileno de fabricación propia.
- Resistencia eléctrica en cámaras de espesor 80 mm.
- Puerta apertura a mano izquierda (estándar abre a mano derecha)
- Puerta corredera 1850 x 800 mm
- Huecos de puerta, abatible o corredera, con anchos especiales: 600, 700, 900 y 1000 mm
- Hacha de bombero
- Soporte hacha
- Alarma hombre atrapado
- Rampa para puerta abatible o corredera
- Rastreles para separación entre el panel inferior y el suelo

**OPTIONS on request**

- Other qualities and colors for the panel covering both for the exterior and interior
- Floor with non-slip stainless steel interior finish
- Floor with a white pyrenean finish, the same as the other panels
- Refrigeration equipment
- Self-made aluminum and polyethylene shelves.
- Electrical resistance in chambers of thickness 80 mm.
- Door open on the left (standard opens on the right)
- Sliding door 1850 x 800 mm
- Door openings, pivoting or sliding, with special widths: 600, 700, 900 and 1000 mm
- Fire ax
- Ax support
- Trapped man alarm
- Ramp for swing or sliding door
- Tracks for separation between bottom panel and base floor

## Información completa en la sección 7 de este catálogo

*All data about shelving, in the section 7 of this catalogue*

ESTANTERÍAS MODULARES realizadas con una estructura de aluminio anodizado y parrillas de polietileno, aptas para el uso con productos alimentarios.

Con nuestras Estanterías y sus múltiples combinaciones conseguirá una óptima eficiencia en la organización y almacenaje. Los materiales empleados en su construcción, la hacen especialmente adecuadas para su uso en cámaras frigoríficas.

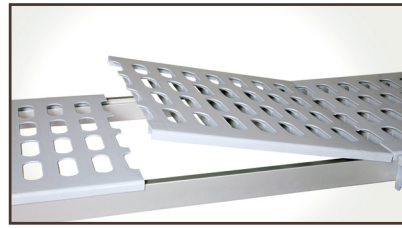

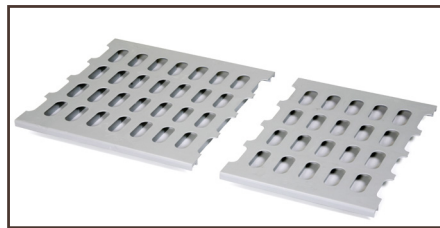

### Características técnicas:

- Especialmente diseñadas para uso alimentario.
- Estructura de aluminio anodizado que proporciona gran rigidez al conjunto.
- Parrillas fabricadas en polietileno calidad alimentaria.
- Tornillería utilizada en su construcción de acero inoxidable.
- Máxima modularidad que la hace adaptable a todos los espacios.
- Dos Fondos de estantes, 400 ó 500 mm.
- Tres alturas, con estantes regulables cada 150 mm.
- También recomendadas para el uso en cámaras frigoríficas, tanto para temperaturas positivas como negativas.
- No se necesita ningún tipo de herramientas para su montaje.

### Technical specifications:

- Specifically designed for use with food products.
- Strong anodized aluminium structure.
- Wire shelves are made of food grade polyethylene.
- Assembled using stainless steel screws.
- Maximum modularity making the units adaptable to all spaces.
- Two shelf depths, 400 or 500mm.
- Three heights, with adjustable shelves every 150mm.
- Also recommended for use in cold rooms, for both plus and minus temperatures.
- No tools are needed for assembly.

*MODULAR SHELVING UNITS<made with an anodized aluminium structure and polyethylene wire shelves, suitable for food storage. Our Shelving Units and their multiple combinations will enable you to efficiently store and organise your products. The materials used to build the units make them especially durable for use in cold room.*

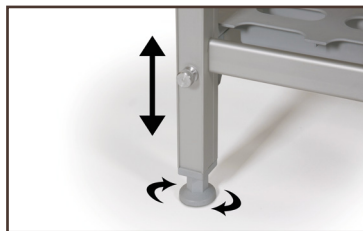

**Parrillas:** Fácil montaje y desmontaje. Máxima higiene. Las parrillas se pueden lavar en lavavajillas convencional.  
*Wire shelves: Easy assembly and disassembly. Maximum hygiene. Wire shelves can be washed in a conventional dishwasher.*

**Soportes ángulo:** Posibilitan el montaje en ángulo de la estantería otorgándole gran modularidad.  
*Angle brackets: Make it possible to mount shelving units at an angle providing a high amount of flexibility.*

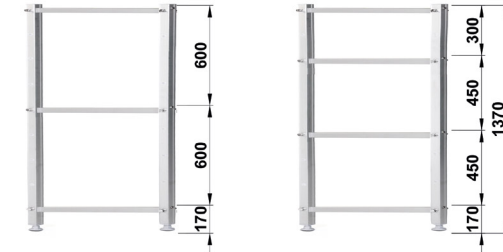

**Montaje:** Fácil montaje. Todas las piezas encajan a la perfección sin necesidad de herramientas.  
*Assembly: Easy assembly. All pieces fit together perfectly without the need for tools.*

**Pies:** Con regulación en altura para salvar posibles desniveles del suelo.  
*Feet: Adjustable feet for uneven floors.*

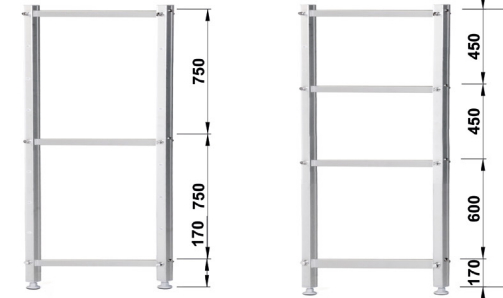

**ALTURA 1370 mm.**  
**FONDO 400 Ó 500 mm.**  
**3 ó 4 NIVELES**

*HEIGHT 1370mm*  
*DEPTH 400 or 500mm*  
*3 or 4 SHELVES*

**ALTURA 1670 mm.**  
**FONDO 400 Ó 500 mm.**  
**3 ó 4 NIVELES**

*HEIGHT 1670mm*  
*DEPTH 400 or 500mm*  
*3 or 4 SHELVES*

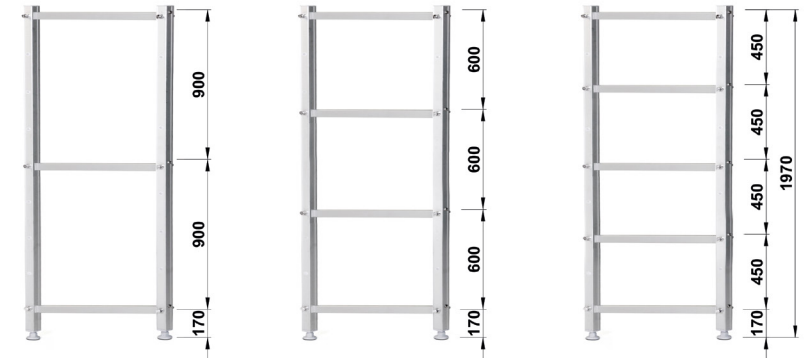

**Separación mínima entre estantes 150 mm**

*150 mm min. distance between shelves*

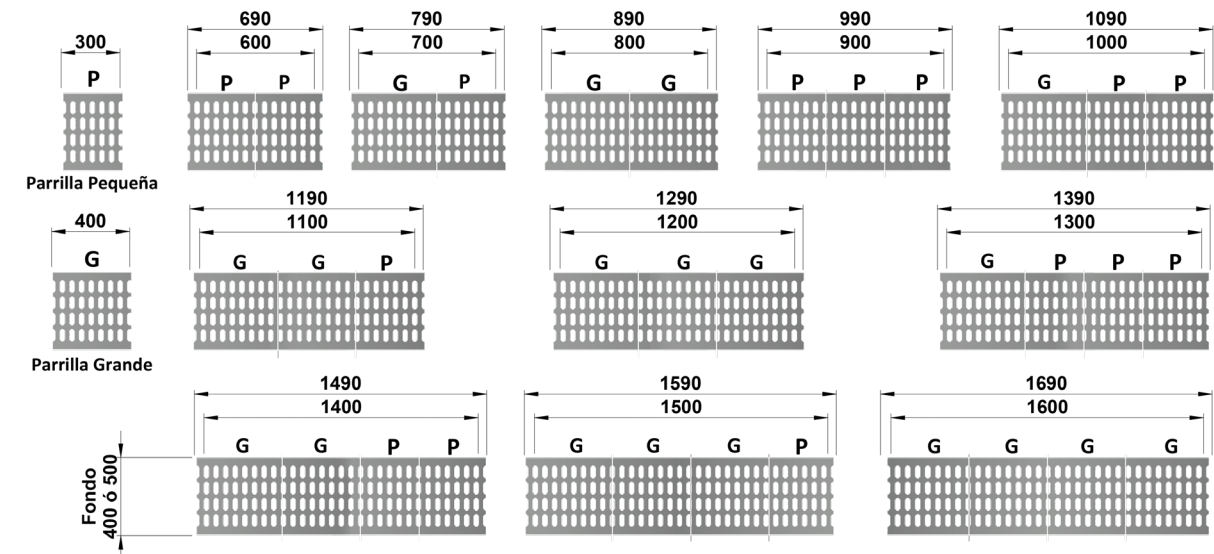

**ALTURA 1970 mm.**  
**FONDO 400 Ó 500 mm.**  
**3,4 ó 5 NIVELES**

*HEIGHT 1970mm*  
*DEPTH 400 or 500mm*  
*3, 4 or 5 SHELVES*

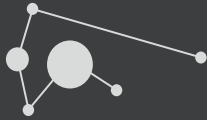

## LONGITUD DE ESTANTERÍAS LINEALES INDIVIDUALES. COMPOSICIÓN DE ESTANTES.

*LENGTH OF INDIVIDUAL LINEAR SHELVING UNITS. SHELF ASSEMBLY.*

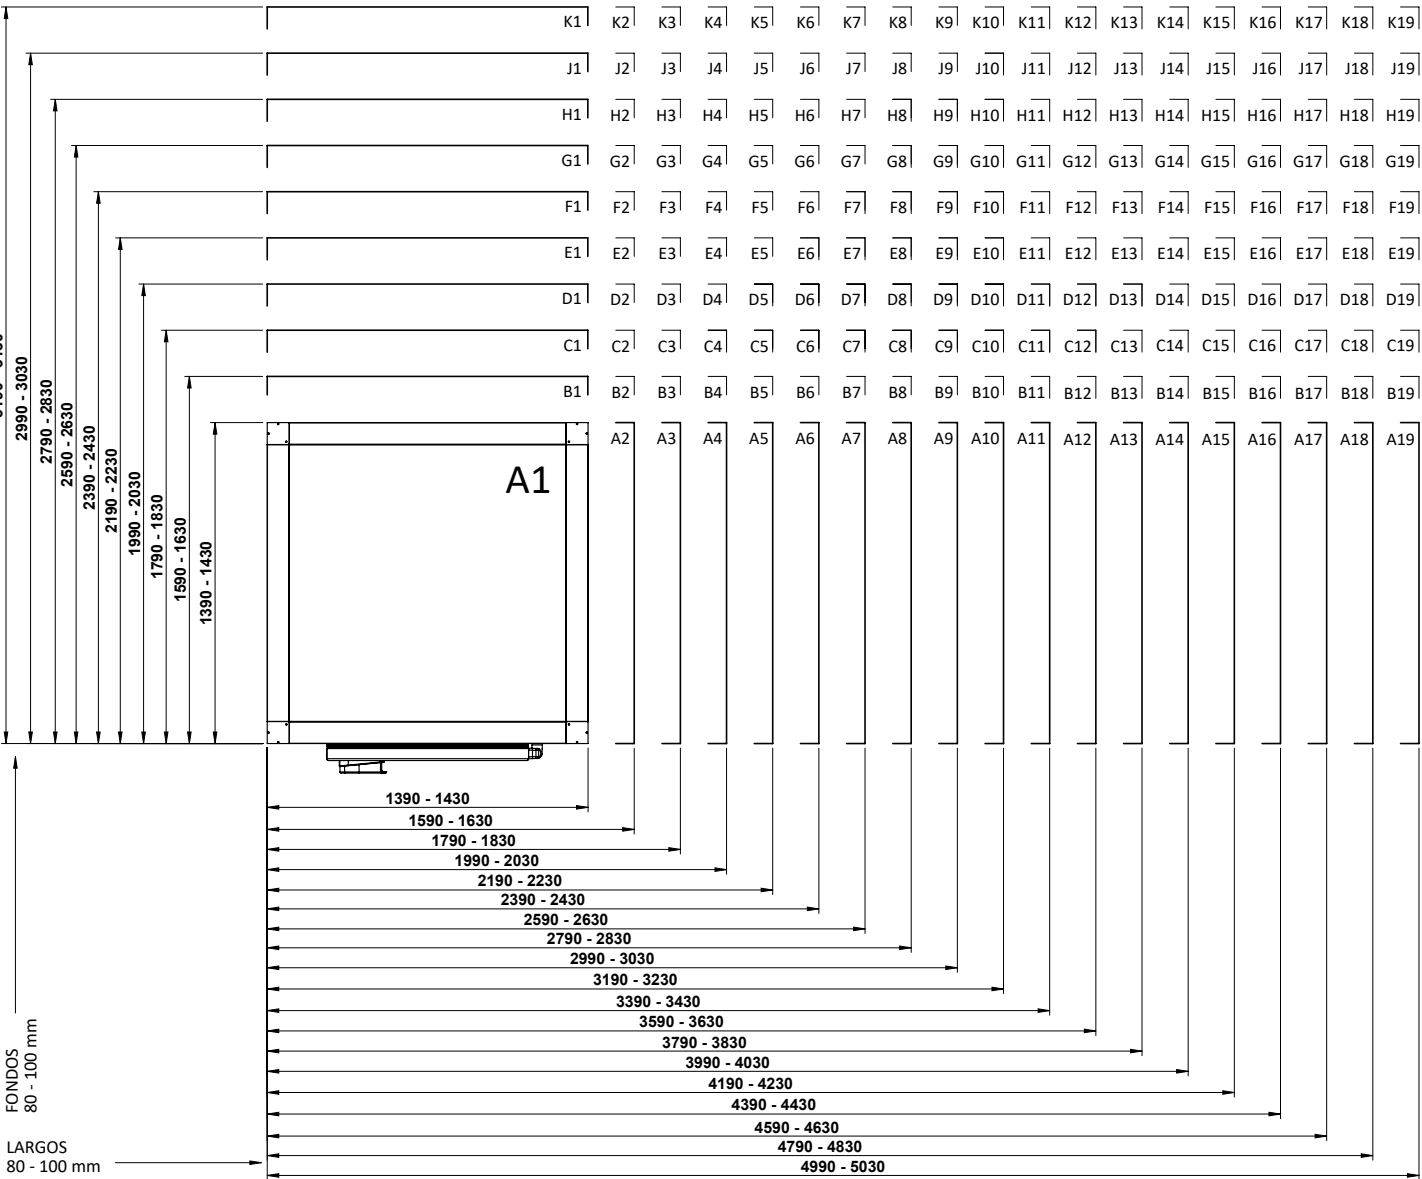

En las tablas de la siguiente página, se identifica el modelo del recinto correspondiente con el espesor de aislamiento (80 / 100 mm) y las medias en planta (largo y fondo).  
Este código le dirigirá a la página correspondiente, donde en base a la altura y tipo de suelo, podrá determinar código y precio del recinto.  
También se identifica en la tabla particular para cada configuración, el volumen interior de la cámara, lo cual le ayudará a seleccionar el equipo frigorífico apropiado.

The tables on the following page show the corresponding room model with an insulation thickness of 80/100mm and its floor measurements (length and width).  
Use the code to locate the corresponding page, where based on the height and type of floor, you can determine the code and price of the room.  
For each room layout the table also gives its interior volume, to help you to select the appropriate refrigerator equipment.

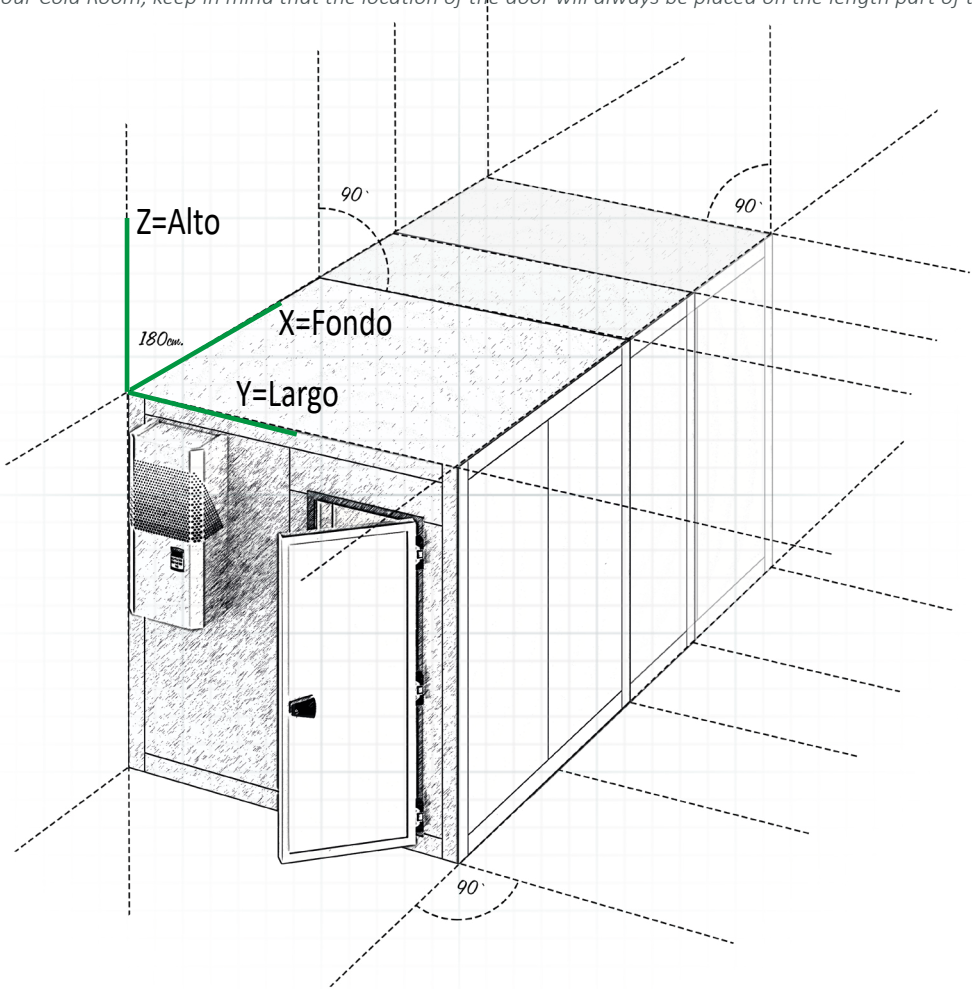

\*Ejemplo de elección  
D4, 80 mm. : Fondo 1990 mm. Largo 1990 mm.

\*Example choices  
D4, 80mm.: Depth 1990mm. Length 1990mm.

# Serie RFM-PC 2

**MÓDULOS RFM CON PUERTAS DE CRISTAL**  
*RFM MODULES WITH GLASS DOORS*

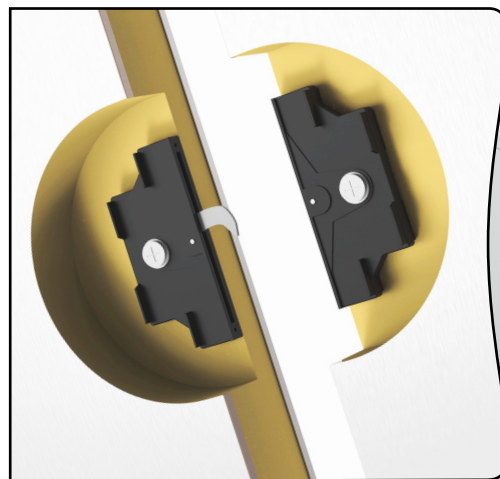

**CORECO**

**Estanterías NO incluidas**  
*Shelves NOT included*

Mecanismo de ganchos excéntricos de doble efecto (gira y recoge)

*Double effect eccentric hooks mechanism (turns and locks)*

#### Aislamiento:

- Espuma rígida de poliuretano con formulación libre de CFC e inyectado a alta presión
- Densidad 45 Kg. / m<sup>2</sup>
- Coeficiente de conductividad térmica 0.022W/mK a 10°C. (Sin envejecimiento)

#### Insulation:

- Rigid polyurethane foam, CFC-free, injected at high pressure.
- Density 45kg/m<sup>2</sup>.
- Thermal conductivity coefficient 0.022W/mK at 10°C. (Without ageing).

#### Paneles

- Dos espesores: 80 y 100 mm.

#### Panels

- Two thickness: 80 and 100 mm.

#### Revestimiento:

- Revestimiento estándar de chapa de acero galvanizado prelacado poliéster, con film de protección pelable.
- Color blanco pirineo.
- Calidad alimentaria.

#### Cladding:

- Galvanized steel cladding pre-lacquered with polyester, with peelable protective film, as standard.
- Colour white, "blanco pirineo".
- Food grade.

#### Sistema de Unión:

- Mecanismo de ganchos excéntricos de alta resistencia y doble efecto (gira y recoge), colocados en carcasas de ABS. El conjunto está pensado para trabajar de dos maneras: engancha y puede ser enganchado.

#### Connecting System:

- High resistance and double effect eccentric hooks mechanism (turns and locks), installed in ABS housings. The combination is designed to work in two ways: it engages and can be hooked.

#### Columnas verticales y horizontales:

- Columnas perimetrales que incluyen un innovador perfil sanitario con labio flexible que se adapta al panel consiguiendo una unión perfecta de gran calidad y revestidas en su exterior con la misma chapa utilizada en los paneles, consiguiendo así una línea estética regular en toda la cámara.
- Todo el conjunto está inyectado en su interior con poliuretano de las mismas características y densidad que el resto de paneles.

#### Vertical and horizontal columns:

- Perimeter columns with innovative flexible sanitary lip seal that adapts to fit the panel, combining high quality and an exterior coating made with the same metal sheeting as used to make the panels, thus achieving a uniform appearance throughout the room.
- Everything is injected with polyurethane and has the same characteristics and density as the rest of the panels.

#### Puerta ciega

- Marco perimetral exterior de aluminio anodizado anticorrosión
- Burlete de estanqueidad.
- Huevo de luz 1850x800 mm
- Resistencia eléctrica antiescarcha colocada en el marco del panel de puerta.
- Tanto el panel puerta como la puerta están inyectados en su interior con el mismo aislamiento del resto de paneles.
- Bisagras con regulación y pasador inoxidable.
- Cierre con llave y con punto de presión.

#### Solid door:

- Exterior perimeter frame made of anodized anti-corrosion aluminium.
- Sealing gasket.
- A light shaft of 1850x800 mm.
- Frost prevention electric resistance placed on door panel frame.
- Both the door panel and the door are injected with the same insulation as the rest of the panels.
- Adjustable hinges with stainless steel pin.
- Locks with key and pressure point.

#### Puerta cristal

- Marco perimetral exterior de aluminio anodizado anticorrosión color plata.
- Burlete magnético de estanqueidad.
- Huevo de luz 1700x610mm en puerta
- Doble cristal en temperatura positiva: exterior 4mm templado, separador 20mm, interior 4mm bajo emisivo, Ug 1,1 W/(m<sup>2</sup>.K)
- Triple cristal en temperatura negativa: exterior 4mm templado bajo emisivo, separador 8mm, central 4mm, separador 8mm, interior 4mm bajo emisivo, Ug 0,9 W/(m<sup>2</sup>.K)
- Apertura a derechas (apertura a izquierda bajo pedido)
- Cristales calefactados en temperatura negativa
- Soporte de puertas en acero inoxidable.
- Tirador superpuesto.
- Muelle de retorno automático, con fuerza de retorno ajustable.

#### Glass door:

- Perimetral exterior frame, made of aluminium and anodized anti-corrosion, silver colour
- Magnetic sealing gasket.
- Light shaft of 1700x610 mm in door.
- Double glazed positive temperatures: exterior tempered glass 4mm, gas 20mm, interior low-e glass 4mm, Ug 1,1 W/(m<sup>2</sup>.K)
- Triple glazed negative temperatures: exterior low-e tempered glass 4mm, gas 8mm, central clear glass 4mm, gas 8mm, interior low-e glass 4mm, Ug 0,9 W/(m<sup>2</sup>.K)
- Right opening( optional: left opening)
- Heated glass negative temperature
- Stainless steel door support.
- Superimposed handle.
- Adjustable automatic return spring

#### Marco

- Marco perimetral exterior de aluminio y PVC anodizado anticorrosión color plata
- Resistencia en el perímetro.

#### Frame

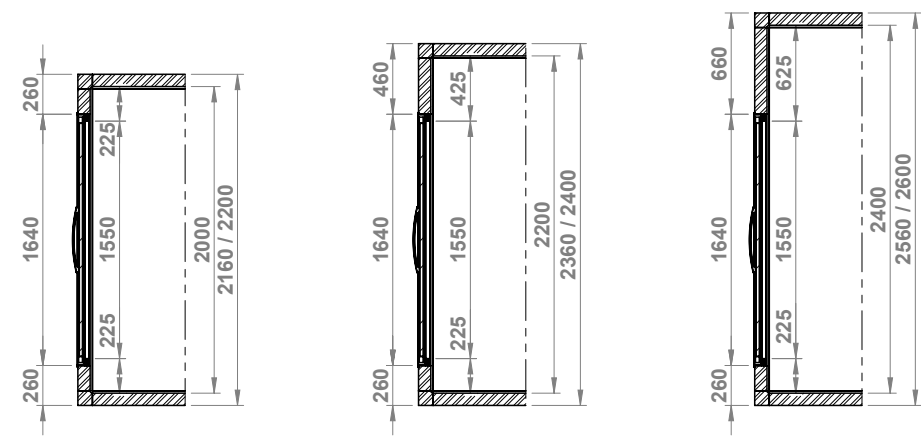

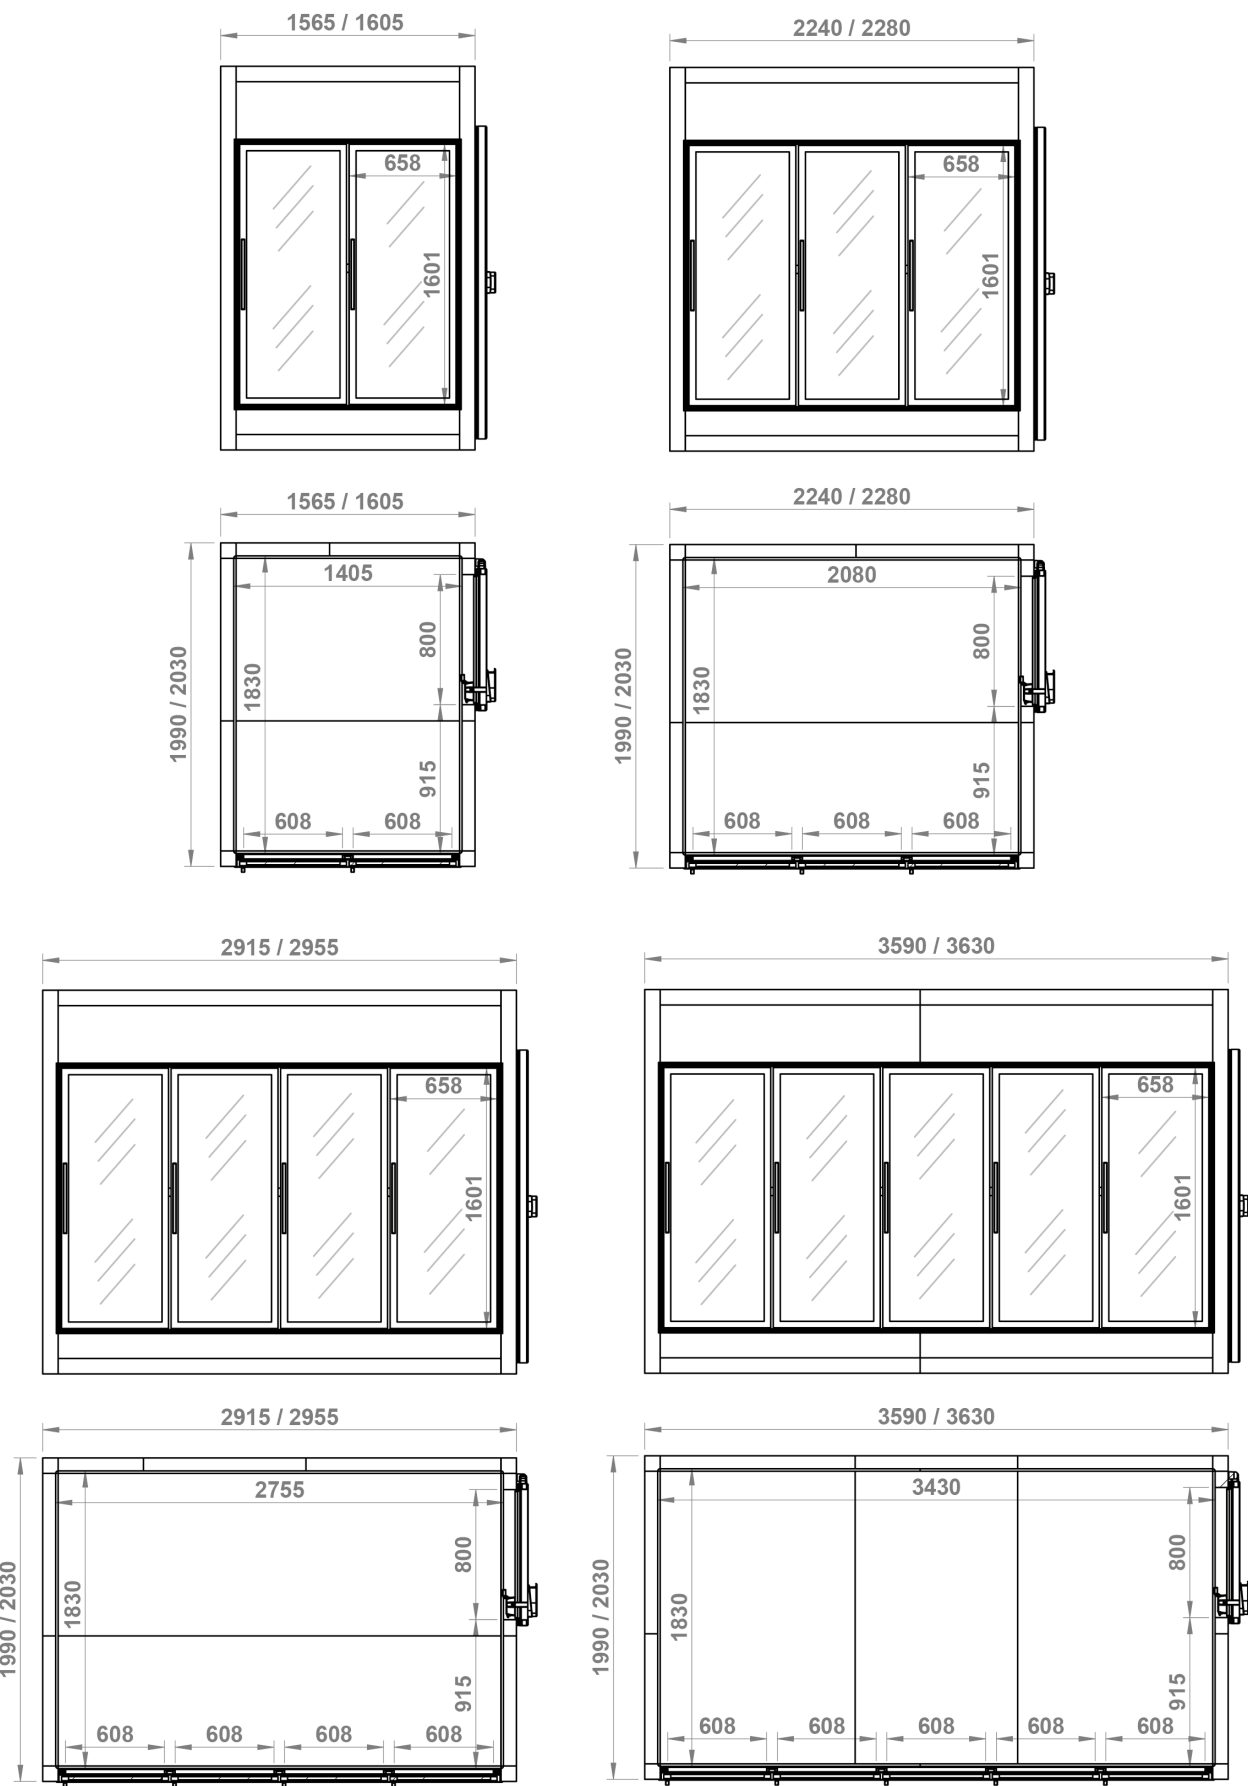

- Perimetral exterior frame, made of aluminium and anodized anti-corrosion PVC, silver colour
- Frame heating resistance

#### Iluminación

- LED

#### Lighting

- LED

Estanterías **NO** incluidas  
Shelves **NOT** included

### OPCIONES bajo pedido

- Otras calidades y colores para el revestimiento del panel tanto para el exterior como en el interior
- Suelo con acabado interior en acero inoxidable antideslizante
- Suelo con acabado blanco pirineo, igual al resto de paneles
- Equipo frigorífico
- Estanterías de aluminio y polietileno de fabricación propia.
- Resistencia eléctrica en cámaras de espesor 80 mm.
- Hacha de bombero
- Soporte hacha
- Alarma hombre atrapado
- Rampa para puerta abatible o corredera
- Rastres para separación entre el panel inferior y el suelo

### OPTIONS on request

- Other qualities and colors for the panel covering both for the exterior and interior
- Floor with non-slip stainless steel interior finish
- Floor with a white pyrenean finish, the same as the other panels
- Refrigeration equipment
- Self-made aluminum and polyethylene shelves.
- Electrical resistance in chambers of thickness 80 mm.
- Fire ax
- Ax support
- Trapped man alarm
- Ramp for swing or sliding door
- Tracks for separation between bottom panel and base floor

Información completa en la sección 7 de este catálogo

All data about shelving, in the section of this catalogue

ESTANTERÍAS MODULARES realizadas con una estructura de aluminio anodizado y parrillas de polietileno, aptas para el uso con productos alimentarios.

Con nuestras Estanterías y sus múltiples combinaciones conseguirá una óptima eficiencia en la organización y almacenaje. Los materiales empleados en su construcción, la hacen especialmente adecuadas para su uso en cámaras frigoríficas.

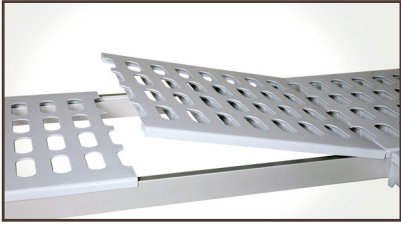

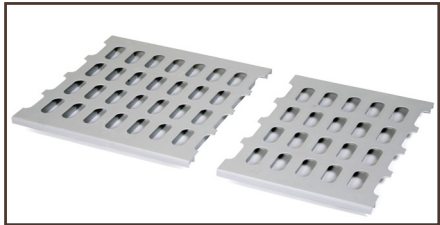

MODULAR SHELVING UNITS<made with an anodized aluminium structure and polyethylene wire shelves, suitable for food storage. Our Shelving Units and their multiple combinations will enable you to efficiently store and organise your products. The materials used to build the units make them especially durable for use in cold room.

Características técnicas:

- Especialmente diseñadas para uso alimentario.
- Estructura de aluminio anodizado que proporciona gran rigidez al conjunto.
- Parrillas fabricadas en polietileno calidad alimentaria.
- Tornillería utilizada en su construcción de acero inoxidable.
- Máxima modularidad que la hace adaptable a todos los espacios.
- Dos Fondos de estantes, 400 ó 500 mm.
- Tres alturas, con estantes regulables cada 150 mm.
- También recomendadas para el uso en cámaras frigoríficas, tanto para temperaturas positivas como negativas.
- No se necesita ningún tipo de herramientas para su montaje.

Technical specifications:

- Specifically designed for use with food products.
- Strong anodized aluminium structure.
- Wire shelves are made of food grade polyethylene.
- Assembled using stainless steel screws.
- Maximum modularity making the units adaptable to all spaces.
- Two shelf depths, 400 or 500mm.
- Three heights, with adjustable shelves every 150mm.
- Also recommended for use in cold rooms, for both plus and minus temperatures.
- No tools are needed for assembly.

**Parrillas:** Fácil montaje y desmontaje. Máxima higiene. Las parrillas se pueden lavar en lavavajillas convencional.

Wire shelves: Easy assembly and disassembly. Maximum hygiene. Wire shelves can be washed in a conventional dishwasher.

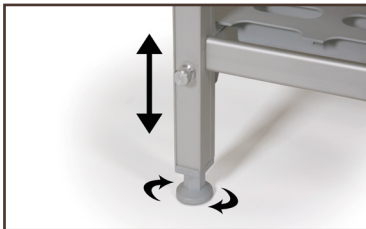

**Soportes ángulo:** Posibilitan el montaje en ángulo de la estantería otorgándole gran modularidad.

Angle brackets: Make it possible to mount shelving units at an angle providing a high amount of flexibility.

**Montaje:** Fácil montaje. Todas las piezas encajan a la perfección sin necesidad de herramientas.

Assembly: Easy assembly. All pieces fit together perfectly without the need for tools.

**Pies:** Con regulación en altura para salvar posibles desniveles del suelo.

Feet: Adjustable feet for uneven floors.

De serie:

- 1 estante base fijo de carga fijo.
- 4 estantes de carga móviles 600x665 regulables en altura (paso 80mm), inclinación (0°, 8° y 16°) y profundidad.
- Barandilla frontal de alambre plastificado blanco.
- Portaprecios.

Opción:

- Separador lateral blanco o cromado
- Barandilla frontal cromada o metacrilato

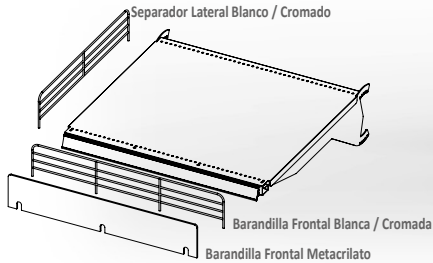

Standar:

- 1 loading level fixed
- 4 moving shelves of loading 600x665 adjustable on height(space 80mm), inclination(0°, 8° y 16°) and depth.
- Front railing in white coating wire
- Price tag

Optional:

- White or Chromed Side separator
- Chromed or Methacrylate front railing

**ARMARIO FRIGORÍFICO DESMONTABLE**  
*MODULAR REACH-IN REFRIGERATOR*

**CORECO**

CORECO presenta sus nuevos Armarios Frigoríficos Desmontables, GAMA AFD.

Empleamos para su construcción la misma filosofía y materiales que para nuestras Cámaras frigoríficas RFM

CORECO presents its new AFD Range of Modular Reach-In Refrigerator.

Our modular reach-in refrigerator are manufactured using the same philosophy and materials as our RFM cold rooms.

#### GENERALES

- Espuma rígida de poliuretano con formulación libre de CFC e inyectado a alta presión
- Densidad 45 Kg. / m<sup>2</sup>
- Coeficiente de conductividad térmica 0.022W/mK a 10°C. (Sin envejecimiento)
- Espesor aislante, 80 mm
- Revestimiento estándar de chapa de acero galvanizado prelacado poliéster, con film de protección pelable.
- Color blanco pirineo.
- Calidad alimentaria.
- Mecanismo de ganchos excéntricos de alta resistencia y doble efecto (gira y recoge), colocados en carcasas de ABS. El conjunto está pensado para trabajar de dos maneras: engancha y puede ser enganchado.
- Columnas perimetrales que incluyen un innovador perfil sanitario con labio flexible que se adapta al panel consiguiendo una unión perfecta de gran calidad y revestidas en su exterior con la misma chapa utilizada en los paneles, consiguiendo así una línea estética regular en toda la cámara.
- Todo el conjunto está inyectado en su interior con poliuretano de las mismas características y densidad que el resto de paneles.
- Burlete magnético de estanqueidad.
- Hueco de luz 1700 x 610 mm en puerta 1/1
- Hueco de luz 800 x 610 mm en puerta 1/2
- Resistencia antiescarcha, colocada en el marco del panel puerta en armarios de Mantenimiento de Congelados
- Válvula de compensación de presiones en armarios de Mantenimiento de Congelados
- Tanto el panel puerta como la puerta están inyectados en su interior con el mismo aislamiento del resto de paneles.
- Cremalleras de acero inoxidable con paso de 70 mm
- Parrillas y guías extraíbles
- Parrillas de acero plastificadas
- De serie, 4 niveles de estantes por cuerpo (50kg. carga máxima por nivel)
- Puerta 1/1, máximo 23 niveles por cuerpo, puerta 1/2, máximo 21 niveles por cuerpo
- LED

#### PUERTA CRISTAL

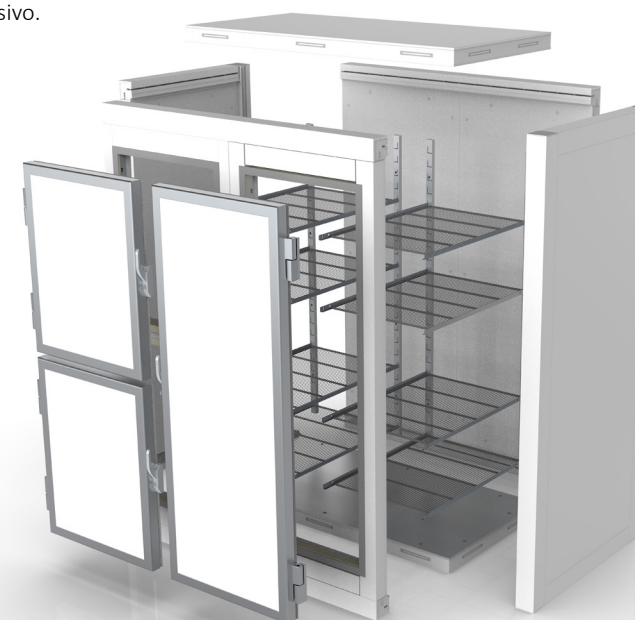

- Marco perimetral exterior de aluminio y PVC anodizado anticorrosión color plata
- Doble cristal en temperatura POSITIVA: vidrio exterior 4mm templado, separador 20mm, vidrio interior 4mm bajo emisivo.
- Triple cristal en temperatura NEGATIVA: vidrio exterior 4mm templado bajo emisivo, separador 8mm, vidrio central 4mm, separador 8mm, vidrio interior 4mm bajo emisivo.

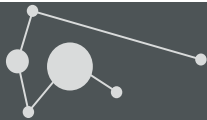

#### GENERAL

- Rigid polyurethane foam, CFC-free, injected at high pressure.
- Density 45kg/m<sup>2</sup>.
- Thermal conductivity coefficient 0.022W/mK at 10°C. (Without ageing)
- Isolation thickness, 80 mm
- Galvanized steel cladding pre-lacquered with polyester, with peelable protective film, as standard.
- Colour white, "blanco pirineo".
- Food grade.
- High resistance and double effect eccentric hooks mechanism (turns and locks), installed in ABS housings. The combination is designed to work in two ways: it engages and can be hooked.
- Standard 80 mm thickness, 100 mm on demand
- Perimeter columns with innovative flexible sanitary lip seal that adapts to fit the panel, combining high quality and an exterior coating made with the same metal sheeting as used to make the panels, thus achieving a uniform appearance throughout the room.
- Everything is injected with polyurethane and has the same characteristics and density as the rest of the panels.
- Magnetic sealing gasket.
- Light shaft of 1700 x 610 mm in 1/1 door.
- Light shaft of 800 x 610mm in 1/2 door.
- Frost prevention resistance installed on the door panel frame in frozen food storage reach-in refrigerators.
- Pressure compensation valve in frozen food storage reach-in refrigerators.
- Both the door panel and the door are injected with the same insulation as the rest of the panels.
- Stainless steel supports with 70mm intervals.
- Detachable wire shelves and rails.
- Plastic-coated stainless steel wire shelves.
- Standard, 4 shelves per section (load capacities up to 50kg. per level)
- 1/1 door, max 23 levels per section, 1/2 doors, max 21 levels per section.
- LED

#### GLASS DOOR

- Perimetral exterior frame, made of aluminium and anodized anti-corrosion PVC, silver colour
- Double glazed POSITIVE temperatures: exterior tempered glass 4mm, gas 20mm, interior low-e glass 4mm.
- Triple glazed NEGATIVE temperatures: exterior low-e tempered glass 4mm, gas 8mm, central clear glass 4mm, gas 8mm, interior low-e glass 4mm

## De serie:

- Estantes de 600 x 400 mm.
- 2 estantes por nivel.
- 4 niveles de estantes por cuerpo.
- Separación mínima entre estantes 70 mm.
- Puertas apertura a izquierda.
- 1/2 Puertas apertura a derechas.
- Resistencia antiescarcha y válvula en mantenimiento de congelados.
- Iluminación interior.

## Opción:

- Elección de las aperturas de puertas y 1/2 puertas.
- Estantes intermedios
- Tirador con cerradura

## Standard:

- Shelves 600 x 400mm.
- 2 shelves per level.
- 4 shelves per section.
- Spacing between shelves 70mm minimum.
- Left door opening.
- 1/2 right door opening.
- No-frost resistance and valve in frozen reach-in units.
- Interior lighting

## Optional:

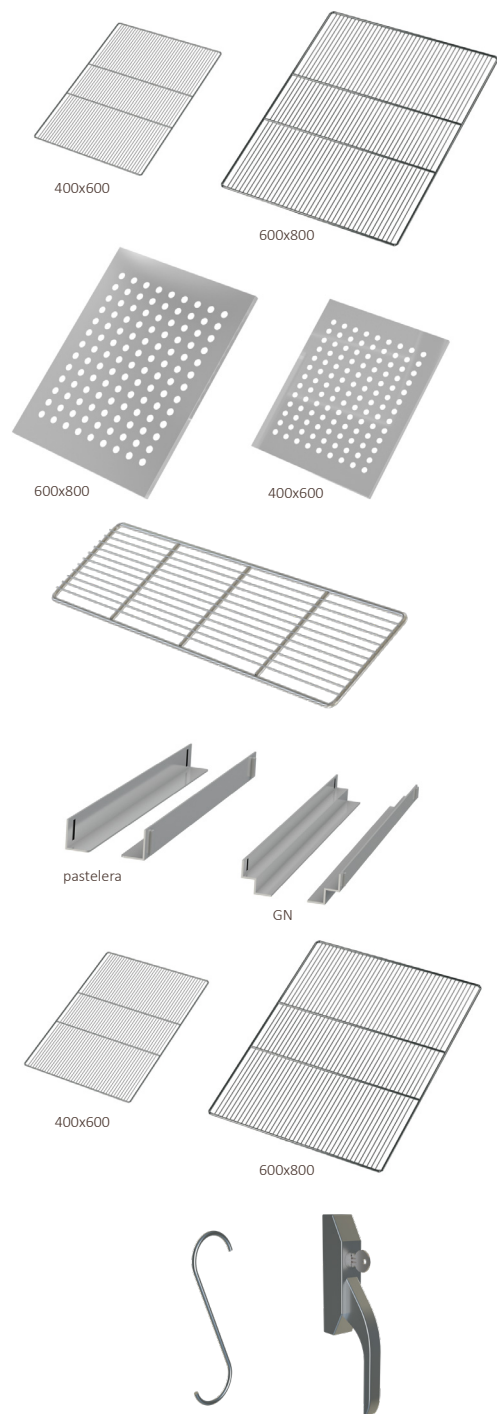

- Choice of door and 1/2 door openings.
- Intermediate shelves
- Locks with key

Armarios frigoríficos desmontables versátiles como nuestras cámaras, por lo que bajo presupuesto permiten otras opciones de construcción:

- Colocación de puertas tanto en el frontal como en la parte trasera.
- Sustitución de un panel de puertas por uno de pared vertical.
- Sin dotación interior (guías, parrillas y cremalleras)
- Construcción en diferentes alturas.
- Construcción en panel de espesor 80 o 100 mm.
- Puerta de cristal 1-1 o 1-2 en armarios de refrigeración

Modular reach-in refrigerators are as versatile as our rooms and offer low budget construction options:

- Positioning of doors on both the front and back.
- Replacing a door panel with a vertical wall panel.
- Without interior equipment (rails, wire shelves and supports).
- Different heights construction
- 80 or 100 mm thickness panel construction.
- Glass door 1-1 or 1-2 for chillers.

# Serie AFD-PC 4

**ARMARIOS AFD PUERTAS DE CRISTAL ENCASTRADAS**  
*AFD REACH-IN WITH BUILT-IN GLASS DOORS*

Armarios Frigoríficos Desmontables, GAMA AFD-PC., Ideales para la exposición de bebidas y alimentación.  
 Recomendable para condiciones ambientales entre +10 y 33° C con un 65% de humedad relativa.

*AFD-PC Range of Modular Reach-In Refrigerator, are perfect to exhibit drinks and foods  
 Ready to work under ambient conditions between +10 and 33° C with a 65% relative humidity.*

**Estanterías NO incluidas en el precio del armario**  
*Shelves NOT included in the reach-in standard price*

**GENERALES**

- Espuma rígida de poliuretano con formulación libre de CFC e inyectado a alta presión
- Densidad 45 Kg. / m<sup>2</sup>
- Coeficiente de conductividad térmica 0.022W/mK a 10°C. (Sin envejecimiento)
- Espesor de 80 mm.
- Revestimiento estándar de chapa de acero galvanizado prelacado poliéster, con film de protección pelable.
- Color blanco pirineo.
- Calidad alimentaria.
- Mecanismo de ganchos excéntricos de alta resistencia y doble efecto (gira y recoge), colocados en carcasas de ABS. El conjunto está pensado para trabajar de dos maneras: engancha y puede ser enganchado.
- Columnas perimetrales que incluyen un innovador perfil sanitario con labio flexible que se adapta al panel consiguiendo una unión perfecta de gran calidad y revestidas en su exterior con la misma chapa utilizada en los paneles, consiguiendo así una línea estética regular en toda la cámara.
- Todo el conjunto está inyectado en su interior con poliuretano de las mismas características y densidad que el resto de paneles.
- LED

**MARCO ENCASTRADO**

- Marco perimetral exterior de aluminio y PVC anodizado anticorrosión color plata
- Resistencia en el perímetro.

**PUERTA**

- Marco perimetral exterior de aluminio anodizado anticorrosión color plata.
- Burlete magnético de estanqueidad.
- Hueco de luz 1700 x 610mm en puerta
- Doble cristal en temperatura positiva: exterior 4mm templado, separador 20mm, interior 4mm bajo emisivo, Ug 1,1 W/(m<sup>2</sup>.K)
- Triple cristal en temperatura negativa: exterior 4mm templado bajo emisivo, separador 8mm, central 4mm, separador 8mm, interior 4mm bajo emisivo, Ug 0,9 W/(m<sup>2</sup>.K)
- Apertura a derechas (apertura a izquierda bajo pedido)
- Cristales calefactados en temperatura negativa
- Soporte de puertas en acero inoxidable.
- Tirador superpuesto.
- Muelle de retorno automático, con fuerza de retorno ajustable.

**GENERAL**

- Rigid polyurethane foam, CFC-free, injected at high pressure.
- Density 45kg/m<sup>2</sup>.
- Thermal conductivity coefficient 0.022W/mK at 10°C. (Without ageing).
- 80 mm isolation thickness
- Galvanized steel cladding pre-lacquered with polyester, with peelable protective film, as standard.
- Colour white, "blanco pirineo".
- Food grade.
- High resistance and double effect eccentric hooks mechanism (turns and locks), installed in ABS housings. The combination is designed to work in two ways: it engages and can be hooked.
- Perimeter columns with innovative flexible sanitary lip seal that adapts to fit the panel, combining high quality and an exterior coating made with the same metal sheeting as used to make the panels, thus achieving a uniform appearance throughout the room.
- Everything is injected with polyurethane and has the same characteristics and density as the rest of the panels.
- LED

**BUILT-IN FRAME**

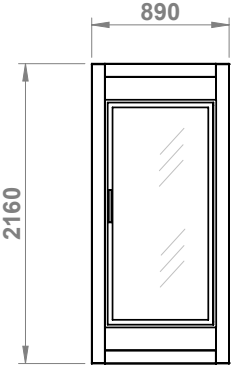

- Perimetral exterior frame, made of aluminium and anodized anti-corrosion PVC, silver colour
- Frame heating resistance

**DOOR**

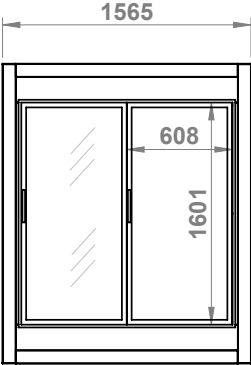

- Perimetral exterior frame, made of aluminium and anodized anti-corrosion, silver colour
- Magnetic sealing gasket.
- Light shaft of 1700 x 610 mm in door.
- Double glazed positive temperatures: exterior tempered glass 4mm, gas 20mm, interior low-e glass 4mm, Ug 1,1 W/(m<sup>2</sup>.K)
- Triple glazed negative temperatures: exterior low-e tempered glass 4mm, gas 8mm, central clear glass 4mm, gas 8mm, interior low-e glass 4mm, Ug 0,9 W/(m<sup>2</sup>.K)
- Right opening (optional: left opening)
- Heated glass negative temperature
- Stainless steel door support.
- Superimposed handle.
- Adjustable automatic return spring

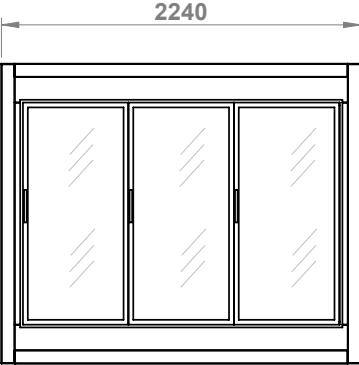

**Estanterías NO incluidas**  
*Shelves NOT included*

Opción:  
Alturas diferentes a la estándar: 2360 y 2560  
Espesor : 100mm

Optional:  
Alternative heights: 2360 and 2560  
Thickness: 100 mm

Estanterías NO incluidas  
Shelves NOT included

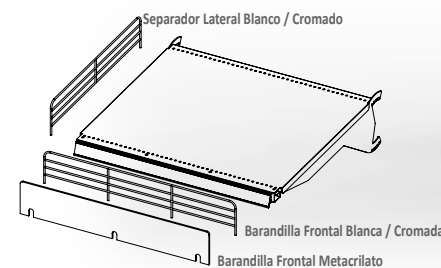

- De serie:
- 1 estante base fijo de carga fijo.
  - 4 estantes de carga móviles 600x665 regulables en altura (paso 80mm),
  - inclinación (0°, 8° y 16°) y profundidad.
  - Barandilla frontal de alambre plastificado blanco.
  - Portaprecios.

- Opción:
- Separador lateral blanco o cromado
  - Barandilla frontal cromada o metacrilato

- Standar:
- 1 loading level fixed
  - 4 moving shelves of loading 600x665 adjustable on height(space 80mm), inclination(0°, 8° y 16°) and depth.
  - Front railing in white coating wire
  - Price tag

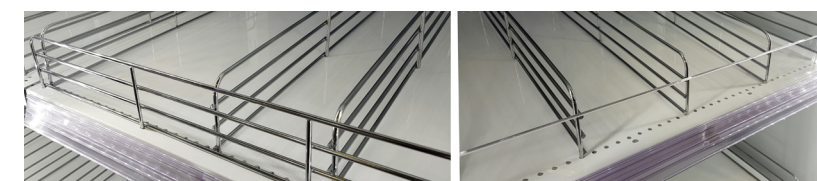

- Optional:
- White or Chromed Side separator
  - Chromed or Methacrylate front railing

RECINTOS FRIGORÍFICOS MODULARES  
SIN COLUMNAS

*MODULAR COLD ROOMS  
WITHOUT COLUMNS*

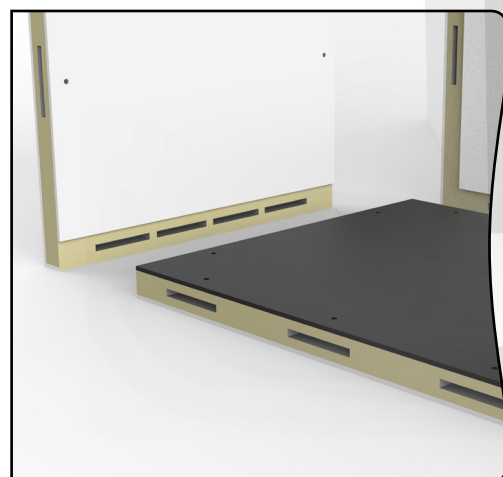

CORECO

Recintos Frigoríficos Modulares, GAMA RFM-S, completa la primera gama presentada meses atrás por CORECO. Hemos desarrollado esta gama, reduciendo los elementos constructivos manteniendo la solidez y capacidad aislante del recinto. Esta nueva gama, se manufactura siguiendo los mismos principios empleados en el resto de la producción de cámaras frigoríficas, con maquinaria controlada por computadora y personal cualificado. El resultado es una recinto frigorífico con personalidad propia y adaptado a las exigencias del mercado actual.

RFM-S RANGE cold rooms, completes the first range presented months ago by CORECO. We have developed this range, reducing the construction elements while maintaining the solidity and insulating capacity of the room. This new range is manufactured following the same principles used in the rest of the production of cold rooms, with computer-controlled machinery and qualified personnel. The result is a Refrigerating Enclosure with its own personality and adapted to the demands of the current market.

Sistema de montaje SIN COLUMNAS

Panel to panel, easy assembly system

## SECCIÓN Y ALTURAS. / HEIGHTS AND SECTIONS.

CON suelo panel  
WITH floor panel

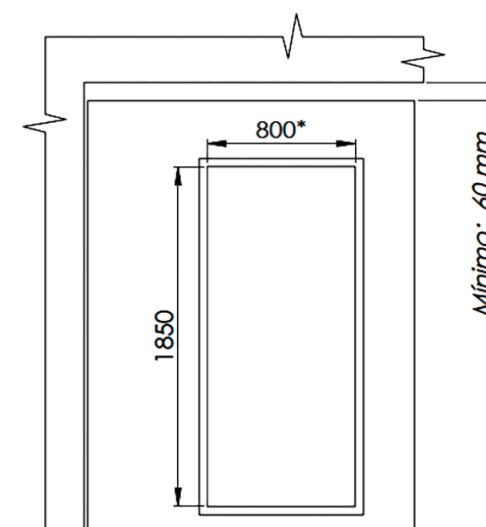

SIN suelo panel  
WITHOUT floor panel

## ESPACIOS NECESARIOS PARA UNA CORRECTA INSTALACIÓN.

Recomendamos una adecuada nivelación del suelo donde vaya a ser instalado el recinto frigorífico. Prever que el lugar de ubicación permite el acceso del panel de mayor dimensión.

## SPACE NEEDED FOR CORRECT INSTALLATION.

We recommend an adequate leveling of the floor where the cold room will be installed. Ensure that the location allows access with the largest panel.

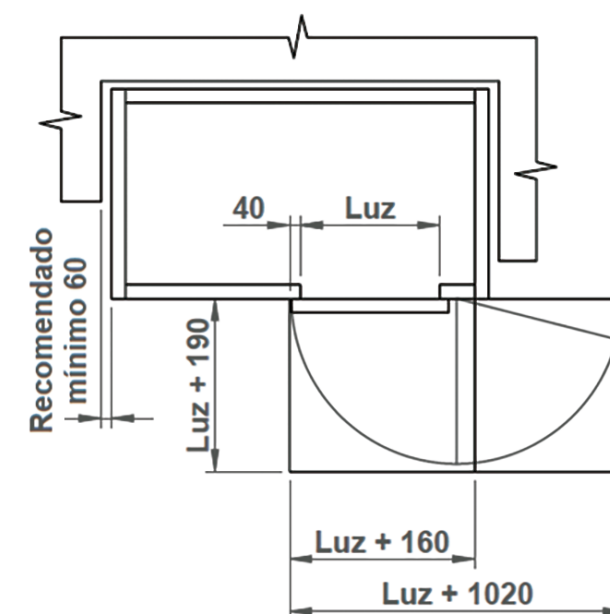

\*Bajo pedido, 600, 700, 900 y 1000  
\*On demand 600, 700, 900 and 1000

Para poder realizar un montaje correcto es necesario dejar entre el techo del local y el techo del recinto al menos el espesor del panel + 20 mm.

For correct assembly, leave at least the thickness of a panel + 20mm between the roof of the premises and the roof of the room.

Características técnicas y constructivas sujetas a variación sin previo aviso.

Dimensiones necesarias para una apertura de la puerta a 90° y 180°.  
Measurements needed to open the door at 90° and 180°.

We reserve the right to change specifications without prior notice.

# S-line

**Modularidad y paneles:**

- Espesor de 80 y 100 mm
- Modulación 200 mm.
- Cuatro anchos de panel: 400, 800, 1000 y 1200 mm
- Alturas exteriores panel 80: 2160, 2360 y 2560 mm
- Alturas exteriores panel 100: 2200, 2400, 2600
- Longitud máxima del panel 3120 mm (80) 3160 (100)

**Modularity and panels:**

- Thickness of 80 and 100 mm
- Modulation 200 mm.
- Four panel widths: 400, 800, 1000 and 1200 mm
- Exterior panel heights 80: 2160, 2360 and 2560 mm
- Exterior panel heights 100: 2200, 2400, 2600
- Maximum panel length 3120 mm (80) 3160 (100)

**Aislamiento:**

- Espuma rígida de poliuretano, libre de CFC e inyectado a alta presión
- Densidad 45 Kg. / m<sup>2</sup>
- Coeficiente de conductividad térmica 0.022W/mK a 10°C. (Sin envejecimiento)

**Insulation:**

- Rigid polyurethane foam, CFC-free, injected at high pressure.
- Density 45kg/m<sup>2</sup>.
- Thermal conductivity coefficient 0.022W/mK at 10°C. (Without ageing).

**Revestimiento:**

- Revestimiento estándar en acero galvanizado prelacado poliéster, con film de protección.
- Color blanco pirineo.
- Calidad alimentaria.

**Cladding:**

- Galvanized steel cladding pre-lacquered with polyester, with a protective film, as standard.
- Colour white, "blanco pirineo".
- Food grade.

**Terminación del Panel de Suelo:**

- Suelo reforzado: Idóneo para el tránsito de personas y carretillas manuales. Acabado interior de contrachapado de abedul y resina fenólica antideslizante.
- Suelo de acero inoxidable antideslizante aisi 304 18/8.
- Suelo de chapa lacada blanca igual que el resto de paneles.

**Floor Panel Finish:**

- Reinforced flooring: Ideal for the transit of people and manual trucks. Birch plywood interior finish with non-slip phenolic resin.
- Non-slip stainless steel flooring AISI 304 18/8.
- Metal flooring lacquered white the same as the rest of the panels.

**Perfil sanitario perimetral:**

- Diseño cóncavo, dos piezas más tapones esquineros en las uniones
- Base de fijación fabricada en PVC alta resistencia y dispuesta en ángulo
- Perfil sanitario rígido en su parte central y flexible en los extremos para adaptarse al panel
- Esquinas rematadas con tapón de diseño semiesférico para dar continuidad al perímetro sanitario

**Perimetral sanitary profile:**

- Concave design, two pieces and corner plugs for the joints
- Base profile made of high resistance PVC and angled
- Rigid sanitary profile in its central part and flexible at the ends
- Finishing corners with a hemispherical design cap, let to continuity the sanitary perimetral structure

**Sistema de Unión:**

- Vástago giratorio, encajable en alojamiento con sistema de sujeción por presión, llave incluida, fabricado en ABS de alta resistencia.

**Panel fixings:**

- Swivel stem, nestable in housing with a pressure clamping system, key included, made of high resistance ABS.

**Puerta:**

- Pivotante con apertura a mano derecha, puede colocarse en los 4 lados de la cámara
- Burlete desmontable con ajuste perimetral sobre el marco, asegura la estanqueidad
- Hueco de luz de puerta 1850 x 800 mm
- Sólo en panel 100 mm: resistencia eléctrica antiescarcha colocada en el marco del panel de puerta con caja de conexiones
- Panel puerta y la puerta, están aisladas con el mismo poliuretano empleado en el resto de paneles
- Bisagras de gran calidad y resistencia
- Cierre de un punto de presión, con llave exterior y desbloqueo interior

**Door:**

- Pivoting door with right-hand opening, can be placed on all 4 sides of the cold room
- Removable gasket with perimeter adjustment on the frame, ensures tightness
- Door passthrough 1850 x 800 mm
- Only for panel 100: electric frost resistance on the door panel frame with connections box
- Door panel and door are insulated with the same polyurethane used in the whole structure
- High quality and resistant hinges
- Locking of a pressure point, with external key and internal release

**Accesorios incluidos:**

- Válvula compensadora de presiones para todas las cámaras de espesor 100
- Perfil sanitario postizo
- Perfil "U" de montaje para cámaras sin panel de suelo
- Luz interior
- Llave hexagonal con mango para montaje de las fijaciones de paneles
- Caja de conexiones y resistencia marco sólo en puerta para panel 100

**Parts included:**

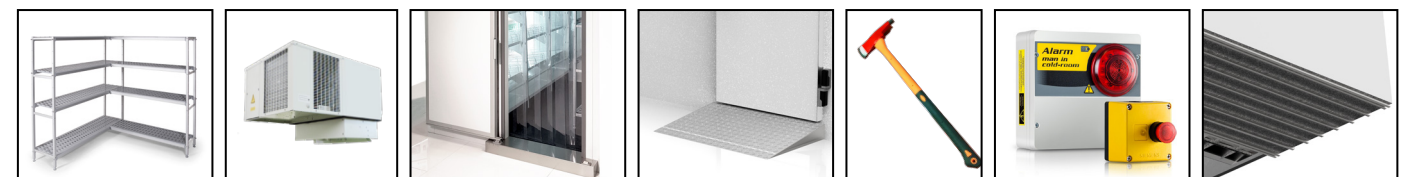

- Pressure compensation valve for all chambers of thickness 100
- Detachable sanitary profile
- Mounting "U" profile for cameras without floor panel
- Interior light
- Hexagonal wrench with handle for mounting panel fixings
- Junction box and resistance frame only in door for panel 100

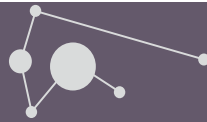

**OPCIONES bajo pedido**

- Otras calidades y colores para el revestimiento del panel tanto para el exterior como en el interior
- Suelo con acabado interior en acero inoxidable antideslizante
- Suelo con acabado blanco pirineo, igual al resto de paneles
- Equipo frigorífico
- Estanterías de aluminio y polietileno de fabricación propia.
- Resistencia eléctrica en cámaras de espesor 80 mm.
- Puerta apertura a mano izquierda (estándar abre a mano derecha)
- Puerta corredera 1850 x 800 mm
- Huecos de puerta, abatible o corredera, con anchos especiales: 600, 700, 900 y 1000 mm
- Hacha de bombero
- Soporte hacha
- Alarma hombre atrapado
- Rampa para puerta abatible o corredera
- Rastreles para separación entre el panel inferior y el suelo

**OPTIONS on request**

- Other qualities and colors for the panel covering both for the exterior and interior
- Floor with non-slip stainless steel interior finish
- Floor with a white pyrenean finish, the same as the other panels
- Refrigeration equipment
- Self-made aluminum and polyethylene shelves.
- Electrical resistance in chambers of thickness 80 mm.
- Door open on the left (standard opens on the right)
- Sliding door 1850 x 800 mm
- Door openings, pivoting or sliding, with special widths: 600, 700, 900 and 1000 mm
- Fire ax
- Ax support
- Trapped man alarm
- Ramp for swing or sliding door
- Tracks for separation between bottom panel and base floor

## Información completa en la sección 7 de este catálogo

*All data about shelving, in the section of this catalogue*

ESTANTERÍAS MODULARES realizadas con una estructura de aluminio anodizado y parrillas de polietileno, aptas para el uso con productos alimentarios.

Con nuestras Estanterías y sus múltiples combinaciones conseguirá una óptima eficiencia en la organización y almacenaje. Los materiales empleados en su construcción, la hacen especialmente adecuadas para su uso en cámaras frigoríficas.

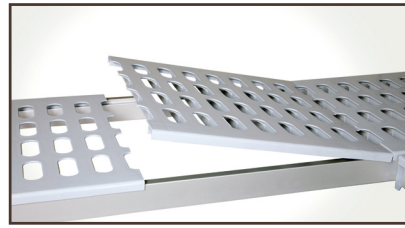

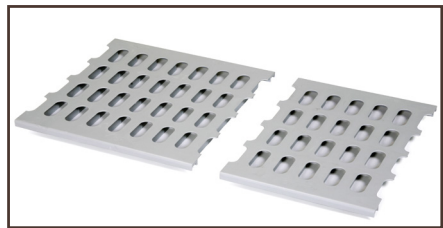

### Características técnicas:

- Especialmente diseñadas para uso alimentario.
- Estructura de aluminio anodizado que proporciona gran rigidez al conjunto.
- Parrillas fabricadas en polietileno calidad alimentaria.
- Tornillería utilizada en su construcción de acero inoxidable.
- Máxima modularidad que la hace adaptable a todos los espacios.
- Dos Fondos de estantes, 400 ó 500 mm.
- Tres alturas, con estantes regulables cada 150 mm.
- También recomendadas para el uso en cámaras frigoríficas, tanto para temperaturas positivas como negativas.
- No se necesita ningún tipo de herramientas para su montaje.

### Technical specifications:

- Specifically designed for use with food products.
- Strong anodized aluminium structure.
- Wire shelves are made of food grade polyethylene.
- Assembled using stainless steel screws.
- Maximum modularity making the units adaptable to all spaces.
- Two shelf depths, 400 or 500mm.
- Three heights, with adjustable shelves every 150mm.
- Also recommended for use in cold rooms, for both plus and minus temperatures.
- No tools are needed for assembly.

*MODULAR SHELVING UNITS<made with an anodized aluminium structure and polyethylene wire shelves, suitable for food storage. Our Shelving Units and their multiple combinations will enable you to efficiently store and organise your products. The materials used to build the units make them especially durable for use in cold room.*

**Parrillas:** Fácil montaje y desmontaje. Máxima higiene.<Las parrillas se pueden lavar en lavavajillas convencional.

*Wire shelves: Easy assembly and disassembly. Maximum hygiene. Wire shelves can be washed in a conventional dishwasher.*

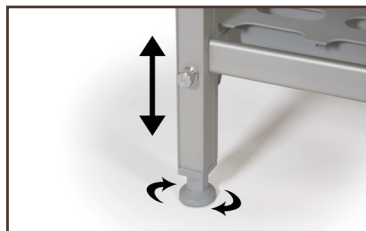

**Soportes ángulo:** Posibilitan el montaje en ángulo de la estantería otorgándole gran modularidad.

*Angle brackets: Make it possible to mount shelving units at an angle providing a high amount of flexibility.*

**Montaje:** Fácil montaje. Todas las piezas encajan a la perfección sin necesidad de herramientas.

*Assembly: Easy assembly. All pieces fit together perfectly without the need for tools.*

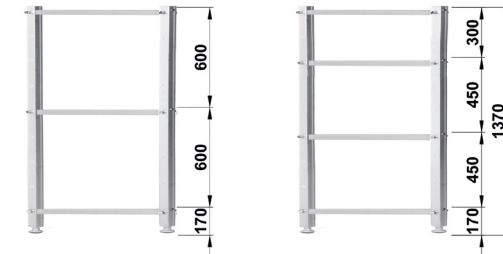

**Pies:** Con regulación en altura para salvar posibles desniveles del suelo.

*Feet: Adjustable feet for uneven floors.*

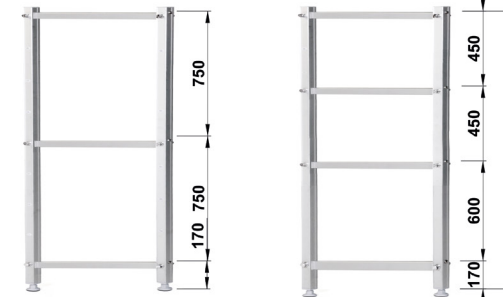

**ALTURA 1370 mm.**  
**FONDO 400 Ó 500 mm.**

*HEIGHT 1970mm*  
*DEPTH 400 or 500mm*  
*3, 4 or 5 SHELVES*

## LONGITUD DE ESTANTERÍAS LINEALES INDIVIDUALES. COMPOSICIÓN DE ESTANTES.

*LENGTH OF INDIVIDUAL LINEAR SHELVING UNITS. SHELF ASSEMBLY.*

En las tablas de la siguiente página, se identifica el modelo del recinto correspondiente con el espesor de aislamiento (80 / 100 mm) y las medias en planta (largo y fondo).

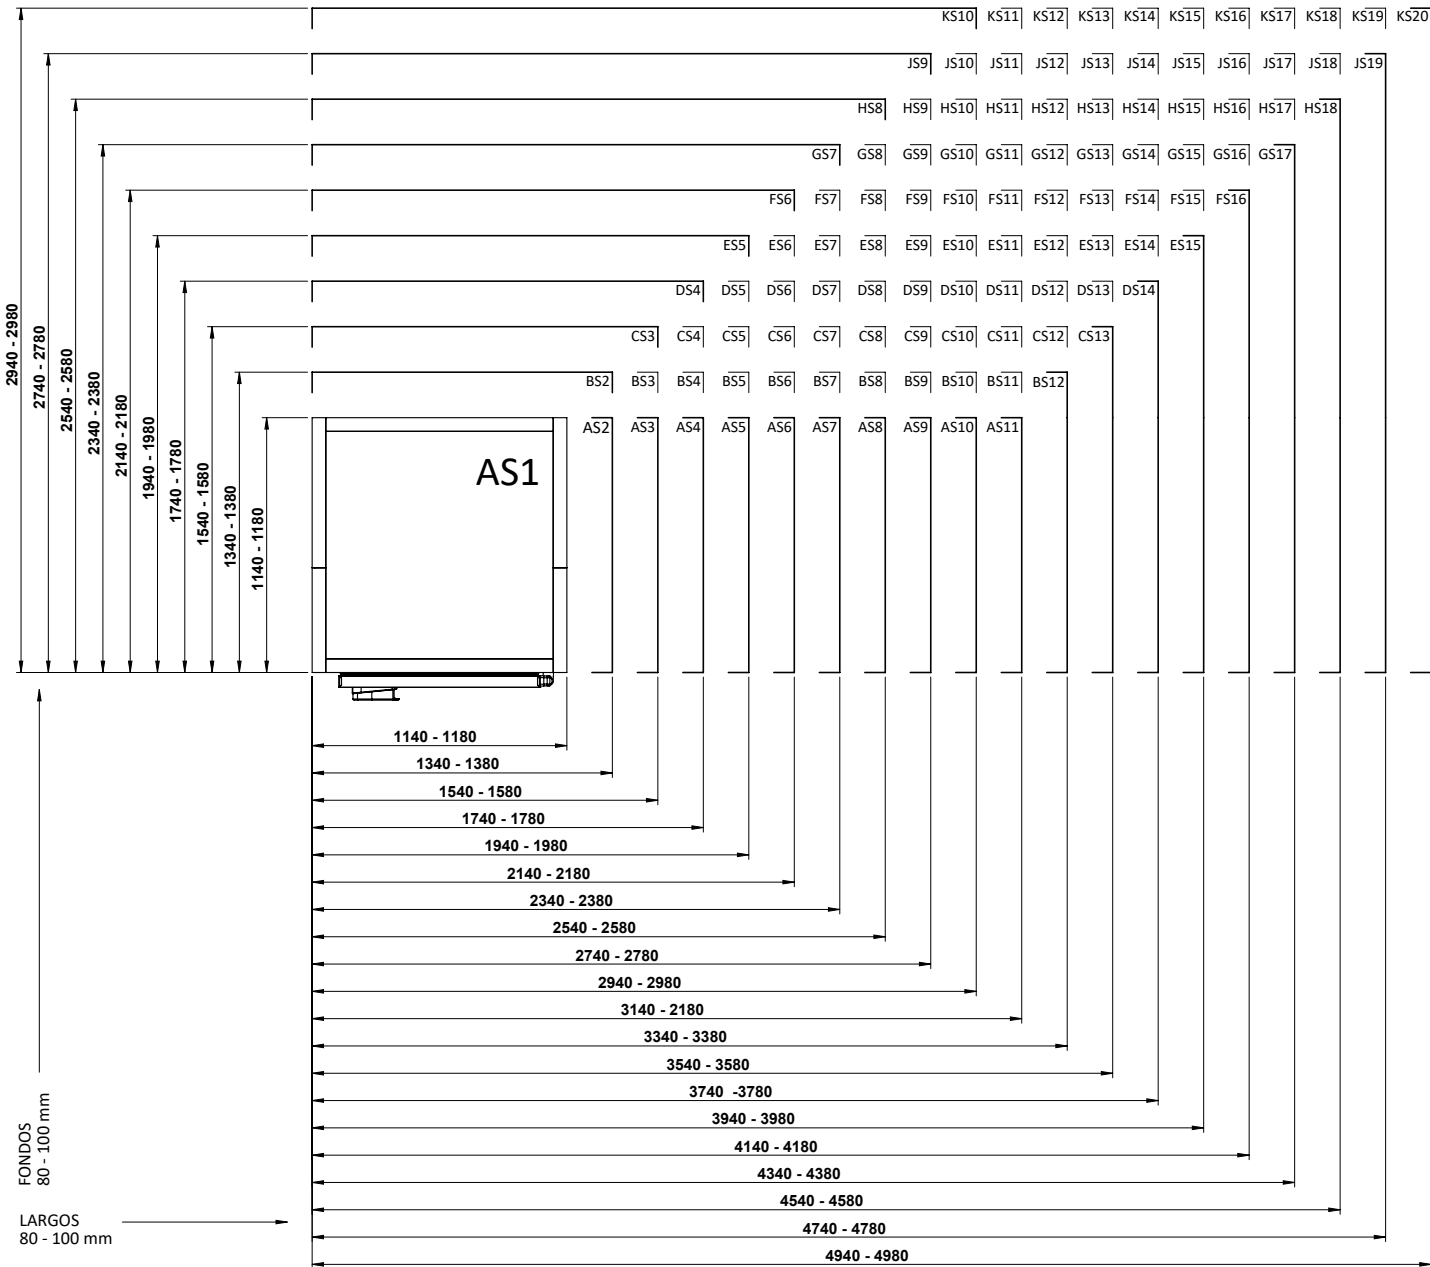

Este código le dirigirá a la página correspondiente, donde en base a la altura y tipo de suelo, podrá determinar código y precio del recinto.

También se identifica en la tabla particular para cada configuración, el volumen interior de la cámara, lo cual le ayudará a seleccionar el equipo frigorífico apropiado.

The tables on the following page show the corresponding room model with an insulation thickness of 80/100mm and its floor measurements (length and width).

Use the code to locate the corresponding page, where based on the height and type of floor, you can determine the code and price of the room.

For each room layout the table also gives its interior volume, to help you to select the appropriate refrigerator equipment.

**CORTINAS DE LAMAS**  
*PVC STRIP CURTAINS*

Las cortinas de lamas están formadas por láminas de PVC flexible y transparente solapadas entre si.

Herrajes fabricados en acero inoxidable aptas el sector del frio industrial.

El uso de lamas de PVC flexible es muy útil en puertas frigoríficas para reducir el porcentaje de pérdidas de energía a la hora de cargar y descargar mercancías.

La fijación del soporte de lamas puede situarse tanto en el panel puerta como en el techo de la cámara.

Todas las lamas de PVC flexible, pueden ser utilizadas en salas donde se almacenan, preparan, elaboran, etc... los alimentos, incluidos los almacenes donde se cargan las mercancías.

Con un sistema de montaje fácil y sencillo, permite la colocación y sustitución de las lamas de forma rápida y cómoda. Se suministrarán tornillos autorroscantes de acero inoxidable.

*The PVC strip curtains strip are formed by flexible and transparent PVC sheets joined together.*

*All fittings and screws are made in stainless Steel and suitable for the industrial refrigeration.*

*The use of flexible PVC strip are very useful for refrigerating doors. They reduced the lost of energy when you uoload and download the products*

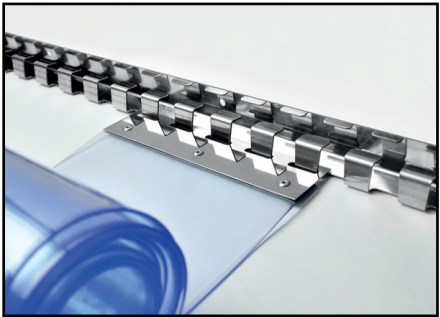

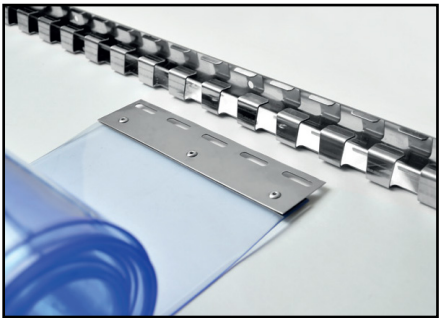

*The fixing of the PVC strip curtains support can be placed weather in the panel of the door or in the ceiling of the cold room.*

*All the PVC strip curtains, can be use in rooms where they can elaborate foods, as well as in warehouses where goods are loaded.*

*Whith an easy assembly system, it allows the place and replacement of the strip in an easily and comfortable way. It is supplied with stainless sets self-tapping screws.*

## ESTANTERÍAS *SHELVING*

CORECO

CORECO le presenta su nueva gama de ESTANTERÍAS MODULARES realizadas con una estructura de aluminio anodizado y parrillas de polietileno, aptas para el uso con productos alimentarios. Con nuestras Estanterías y sus múltiples combinaciones conseguirá una óptima eficiencia en la organización y almacenaje de su cocina industrial. Además, los materiales empleados en su construcción, la hacen especialmente adecuadas para su uso en cámaras frigoríficas.

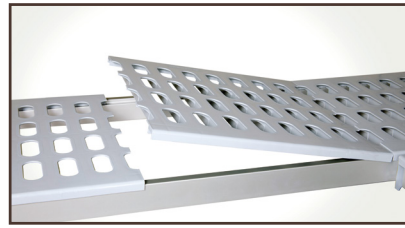

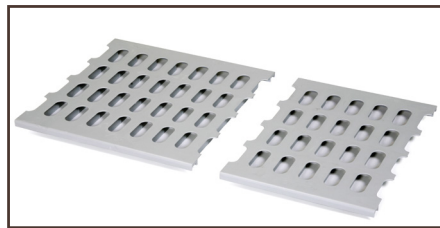

Características técnicas:

- Especialmente diseñadas para uso alimentario.
- Estructura de aluminio anodizado que proporciona gran rigidez al conjunto.
- Parrillas fabricadas en polietileno calidad alimentaria.
- Tornillería utilizada en su construcción de acero inoxidable.
- Máxima modularidad que la hace adaptable a todos los espacios.
- Dos Fondos de estantes, 400 ó 500 mm.
- Tres alturas, con estantes regulables cada 150 mm.
- También recomendadas para el uso en cámaras frigoríficas, tanto para temperaturas positivas como negativas.
- No se necesita ningún tipo de herramientas para su montaje.

Technical specifications:

- Specifically designed for use with food products.
- Strong anodized aluminium structure.
- Wire shelves are made of food grade polyethylene.
- Assembled using stainless steel screws.
- Maximum modularity making the units adaptable to all spaces.
- Two shelf depths, 400 or 500mm.
- Three heights, with adjustable shelves every 150mm.
- Also recommended for use in cold rooms, for both plus and minus temperatures.
- No tools are needed for assembly.

CORECO presents its new range of MODULAR SHELVING UNITS made with an anodized aluminium structure and polyethylene wire shelves, suitable for food storage. Our Shelving Units and their multiple combinations will enable you to efficiently store and organise your industrial kitchen. Additionally, the materials used to build the units make them especially durable for use in cold room.

**Parrillas:** Fácil montaje y desmontaje. Máxima higiene. Las parrillas se pueden lavar en lavavajillas convencional.

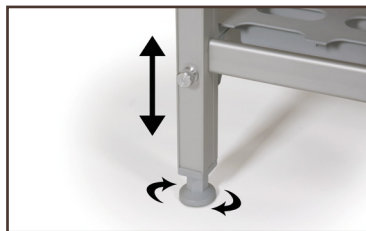

*Wire shelves: Easy assembly and disassembly. Maximum hygiene. Wire shelves can be washed in a conventional dishwasher.*

**Soportes ángulo:** Posibilitan el montaje en ángulo de la estantería otorgándole gran modularidad.  
*Angle brackets: Make it possible to mount shelving units at an angle providing a high amount of flexibility.*

**Montaje:** Fácil montaje. Todas las piezas encajan a la perfección sin necesidad de herramientas  
*Assembly: Easy assembly. All pieces fit together perfectly without the need for tools.*

**Pies:** Con regulación en altura para salvar posibles desniveles del suelo  
*Feet: Adjustable feet for uneven floors.*

MODULARIDAD TOTAL:

La gran modularidad de la estantería le permite combinar diferentes dimensiones y formas para así adaptarse al espacio disponible de su recinto. Personalice su estantería agregando, si lo requiere, mas niveles de estantes a los suministrados de manera estándar. La combinación de medidas y formas diferentes dan como resultado una óptima organización de su area de trabajo y/o almacenaje.

A partir de la estantería de que disponga, puede llegar a configurar tantas combinaciones como requiera.

COMPLETE FLEXIBILITY:

The enhanced flexibility of the shelving units allows you to combine different sizes and shapes to adapt to the space available in your room. If required, you can customise your product by adding extra shelves to the standard model. The combination of different shapes and sizes results in optimal organisation of your work area and/or storage.

From the shelving units available you can configure as many combinations as required.

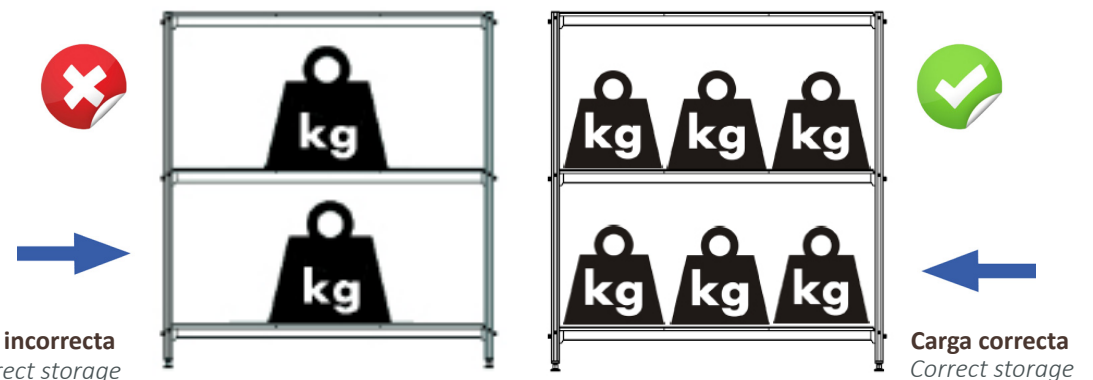

CAPACIDAD Y RESISTENCIA:

En estantes de hasta 1 metro de longutud, puede almacenar hasta 120 Kgrs. de peso repartidos de forma uniforme. A partir de 1 metro de longitud la carga admisible repartida uniformemente pasa a ser de 100 Kgrs.

CAPACITY AND RESISTANCE:

Shelves up to one metre in length can store a maximum of 120kg of evenly distributed weight. Shelves over one metre in length can withstand a maximum of 100kg of evenly distributed weight.

**SOPORTES ESCALERAS:**  
Resistentes y fabricados en aluminio anodizado.  
De manera estándar se suministran en tres alturas diferentes y para dos fondos, 400 ó 500 mm.  
En función de su altura se pueden elegir con 3, 4 ó 5 niveles de estantes.  
Disponen de patas regulables y en todos los casos permiten la regulación de los estantes cada **150 mm**.  
Los Soportes Escaleras se sirven completos, con todos los elementos necesarios para montar los estantes.

**SUPPORTING BRACKETS:**  
*Hard-wearing anodised aluminium.*  
*The standard product includes three different heights and two depths of 400 or 500mm.*  
*Depending on their height, they can be ordered with 3, 4 or 5 individual shelves.*  
*They have adjustable feet which allow shelves to be adjusted every 150mm.*  
*Supporting uprights are provided with all the necessary components to assemble the shelves.*

**Recuerde:**  
Mas niveles de estantes bajo pedido.  
No olvide pedir los pasadores o soportes angulares necesarios.

*Remember:*  
*More shelves are available on request.*  
*Do not forget to ask for the necessary bolts or angular brackets.*

**KIT ESTANTES:**  
Los Estantes forman los distintos niveles de la estantería. Si necesita incorporar mas niveles a su estantería, nos puede solicitar estantes sueltos. En ese caso no olvide agregar a su pedido los pasadores y soportes ángulo necesarios.

Para su comodidad en las **Tablas de Valoración y Composición de Conjuntos**, al final de este apartado, tiene ya calculados los conjuntos para cada longitud.  
Usted solo ha de elegir el fondo de estante deseado, la altura de la estantería y el número de niveles de estantes.  
Una vez elegido tome nota del Código de Artículo y háganos llegar su pedido.

**Ejemplo para colocar estanterías en forma de ‘L’ en un recinto de dimensiones 4000 x 3000 mm.**

Para el ejemplo tomamos como base una estantería de altura 1670 mm, fondo 400 mm y 4 niveles de estantes.

1. Para la pared de 4000 mm de nuestro recinto consultaremos en la Tabla de Valoración y Composición de Conjuntos la estantería lineal de longitud inmediatamente inferior a los 4000 mm.  
Buscando en la tabla **Estantería lineal de fondo 400 mm. altura 1670 mm y 4 niveles** encontramos una estantería con longitud 3960 mm. (Cód.de artículo L214).

2. En la siguiente pared de 3000 mm. queremos colocar otra estantería.  
En este caso elegiremos una estantería angular.  
La longitud de la misma será 3000 mm. que es la dimensión de la pared menos el fondo de la estantería que hemos colocado anteriormente. En nuestro ejemplo es 400 mm.  
Buscaremos en la tabla **Estantería angular de fondo 400 mm. y altura 1670 mm y 4 niveles** y encontraremos una estantería de longitud 2580 mm. (Cód. de artículo A201).

Si quisiéramos colocar otra estantería en la segunda pared de 4000 mm. solo tendríamos que repetir el paso 2.

**Recuerde:**  
Para elegir su estantería LINEAL vaya a las tablas de valoraciones de Estantería Lineal y elija la que mejor se adapte a la longitud de su recinto.

Para elegir su estantería ANGULAR vaya a las tablas de valoraciones de Estantería Angular y elija la que mejor se adapte a su recinto.  
En este caso NO OLVIDE descontar a las dimensiones de su recinto el FONDO que haya elegido para su estantería lineal.

**Remember:**  
To choose your LINEAR shelving unit check the measurement and pricing table for Linear Shelving Units and choose the one that best suits the length of your room.

To choose your ANGULAR shelving unit check the measurement and pricing table for Angular Shelving Units and choose the one that best suits your room.  
DO NOT FORGET to subtract from the room measurements the DEPTH of the linear shelving unit you choose.

For your convenience the length of each unit has been calculated in the Measurement and Pricing tables at the end of this catalogue. You only have to choose the shelf depth, the shelving unit height and the numbers of shelves you want.  
Once you have chosen, note down the product code and send us your order.

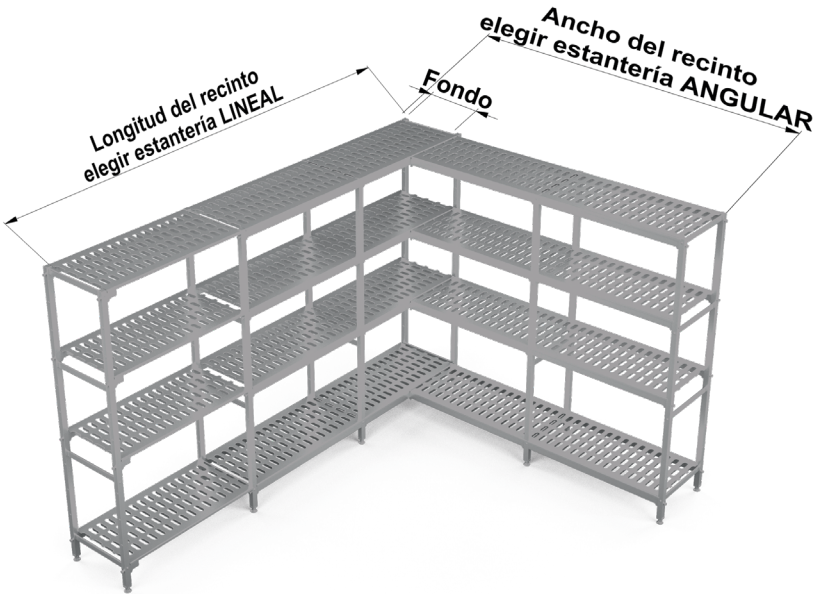

Example of how to build an L shaped shelving unit in a 4000x3000mm room.

For this we would choose a shelving unit measuring 1670mm height, a 400mm depth and 4 shelves.

1. For a wall measuring 4000 mm, we would consult the Measurement and Pricing tables for a shelving unit measuring less than 4000mm in length.  
Searching in the table for a Linear Shelving Unit with a depth of 400mm, a height of 1670 mm and 4 shelves, we find a shelving unit measuring 3960mm in length. (Product code L214).

2. On the other wall measuring 3000mm, we want to assemble another shelving unit.  
In this case we choose an angular shelving unit.  
The length of the unit will measure 3000mm, equalling the length of the wall, minus the depth of the other shelving unit we have already assembled. In our example it measures 400mm.  
Searching in the table for an Angular Shelving Unit with a depth of 400mm, a height of 1670 mm and 4 shelves, we find a shelving unit measuring 2580mm in length. (Product code A201).

If we wanted to put another shelving unit on the second wall measuring 4000mm, we would just repeat step 2.

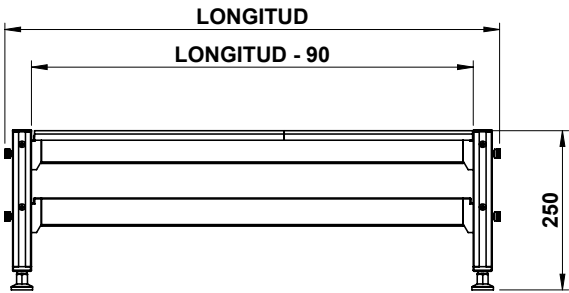

**BANCADAS:**  
Diseñadas para almacenar cajas en recintos frigoríficos y lugares donde se debe cumplir las normativas higiénicas. Fabricadas con los mismos materiales que el resto de las estantería. Gran capacidad de carga hasta 150 Kgrs. Altura de la base de la bancada al suelo 250 mm.
